NOTIFICATIONS

HIPAA

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) requires that we notify you about two very important provisions in the plan. The first is your right to enroll in the plan under its "special enrollment provision" if you marry, acquire a new dependent, or if you decline coverage under the plan for an eligible dependent while other coverage is in effect and later the dependent loses that other coverage for certain qualifying reasons. Special enrollment must take place within 30 days of the qualifying event. If you are declined enrollment for yourself or your dependents (including your spouse) while coverage under Medicaid or a state Children's Health Insurance Program (CHIP) is in effect, you may be able to enroll yourself and your dependents in this program if you or your dependents lose eligibility for that other coverage. However, you must request enrollment within 60 days after your or your dependents' Medicaid or CHIP coverage ends. If you or your dependents (including your spouse) become eligible for a state premium assistance subsidy from Medicaid or a CHIP program with respect to coverage under this plan, you may be able to enroll yourself and your dependents (including your spouse) in this plan. However, you must request enrollment within 60 days after you or your dependents become eligible for the premium assistance. To request special enrollment or obtain more information, contact the plan administrator indicated in this notice.

Second, as of the first day of the 2014 plan year, the plan does not impose limitations on coverage for pre-existing conditions.

HIPAA Notice of Privacy Practices

The Health Insurance Portability and Accountability Act of 1996 ("HIPAA") requires that we maintain the privacy of protected health information, give notice of our legal duties and privacy practices regarding health information about you and follow the terms of our notice currently in effect.

You may request a copy of the current Privacy Practices from the Plan Administrator explaining how medical information about you may be used and disclosed and how you can get access to this information.

As Required by Law. We will disclose Health Information when required to do so by international, federal, state or local law.

You have the right to inspect and copy, right to an electronic copy of electronic medical records, right to get notice of a breach, right to amend, right to an accounting of disclosures, right to request restrictions, right to request confidential communications, right to a paper copy of this notice and the right to file a complaint if you believe your privacy rights have been violated.

Premium Assistance under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you are eligible for health coverage from your employer, your State may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you will not be eligible for these premium assistance programs, but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in Alabama, Alaska, Arizona, Colorado, Florida, Georgia, Idaho, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Massachusetts, Minnesota, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New York, North Carolina, North Dakota, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Carolina, South Dakota, Texas, Utah, Vermont, Virginia, Washington, West Virginia, Wisconsin, or Wyoming, you can contact your state Medicaid or CHIP office to find out if premium assistance is available. The list of states offering CHIP assistance may change without notice.

To see if any more States have added a premium assistance program since January 31, 2014, or for more information on special enrollment rights, you can contact either:

U.S. Department of Labor Employee Benefit Security Administration www.dol.gov/ebsa 1-866-444-EBSA (3272)

U.S. Department of Health and Human Services Centers for Medicare & Medicaid Services
www.cms.hhs.gov 1-877-267-2323, Menu Option 4, Ext. 61565

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, you can contact your State Medicaid or CHIP office or dial 1-877-KIDS NOW or www.insurekidsnow.gov to find out how to apply. If you qualify, you can ask the State if it has a program that might help you pay the premiums for an employer-sponsored plan.

Once it is determined that you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must permit you to enroll in your employer plan if you are not already enrolled. This is called a "special enrollment" opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, you can contact the Department of Labor electronically at www.askebsa.dol.gov or by calling toll-free 1-866-444-EBSA (3272).

WHCRA

The Women's Health and Cancer Rights Act (WHCRA) of 1998, provides benefits for mastectomy-related services including reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema). Call your health insurance issuer for more information.

This notice informs you of the Federal regulation that requires all health plans that cover mastectomies to also cover reconstruction of the removed breast. If you have had or are going to have a mastectomy, you may be entitled to certain benefits. For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedemas.

NMHPA

Newborns' and Mothers' Health Protection Act requires that group health plans and health insurance issuers who offer childbirth coverage generally may not, under federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable).

In any case, plans and issuers may not, under federal law, require that a provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours). Refer to your plan document for specific information about childbirth coverage or contact your plan administrator.

For additional information about NMHPA provisions and how Self-funded non Federal governmental plans may opt-out of the NMHPA requirements, visit http://www.cms.gov/CCIIO/Programs-and-Initiatives/Other-Insurance-Protections/nmhpa_factsheet.html.

Mississippi State Continuation

This notice has important information about your right to Mississippi State continuation coverage, which is a temporary extension of coverage under the company plan. A right to Mississippi State continuation coverage may be available under state law which requires employers sponsoring group health plans to offer employees and their families the opportunity to elect a temporary extension of health coverage (called "continuation coverage" or "Mini COBRA"). Mississippi State continuation coverage may become available to you and other members of your family who are covered under the plan when coverage would otherwise be lost. Contact your insurer or state insurance department for specific options available to you and other covered family members.

Mississippi State continuation coverage is a continuation of plan coverage when coverage would otherwise end because of a life event known as a "qualifying event." You, your spouse, and your

dependent children could become qualified beneficiaries if coverage under the plan is lost because of the qualifying event. Under the plan, qualified beneficiaries who elect Mississippi State continuation coverage must pay for Mississippi State continuation coverage. Employees and their qualified dependents are responsible for notifying the Company of any change in address or status (e.g., divorce, insurance eligibility, child becoming ineligible due to age, etc.) within 30 days of the event.

You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally doesn't accept late enrollees.

If you have questions:

Questions concerning your Plan, or your Mississippi State continuation coverage rights should be addressed to the plan administrator indicated above or in the summary plan description. For more information about your rights under the Employee Retirement Income Security Act (ERISA), including COBRA, the Patient Protection and Affordable Care Act, and other laws affecting group health plans, contact the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA) in your area or visit www.dol.gov/ebsa. (Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's website.) For more information about the Marketplace, visit www.HealthCare.gov.

Keep your Plan informed of address changes

To protect your family's rights, let the Plan Administrator know about any changes in the addresses of family members. You should also keep a copy, for your records, of any notices you send to the Plan Administrator.

MEDICARE PART D NOTICE

Medical Plan: Assured Benefits Administrators (ABA)

Important Notice from the Catholic Diocese of Jackson About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Catholic Diocese of Jackson and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering

Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Catholic Diocese of Jackson has determined the prescription drug coverage offered by Assured Benefits Administrators is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th. Plan participants are eligible if they are within three months of turning age 65, are already 65 years old or if they are disabled.

However, if you lose your current creditable prescription drug coverage through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens to your Current Coverage if You Decide to Join a Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current Catholic Diocese of Jackson coverage will be affected. Refer to your plan documents provided upon eligibility and open enrollment or contact your provider or the plan administrator for an explanation and/or copy of the prescription drug coverage plan provisions/options under the plan available to Medicare eligible individuals when you become eligible for Medicare Part D Individuals. Guidance at <http://www.cms.hhs.gov/CreditableCoverage/> which outlines the prescription drug plan provisions/options Medicare eligible individuals may have available to them when they become eligible for Medicare Part D.

If you do decide to join a Medicare drug plan and current Catholic Diocese of Jackson coverage is dropped, be aware you and your dependents will not be able to get this coverage back. Refer to plan documents or contact your provider or the plan administrator before making any decisions.

Note: In general, different guidelines exist for retirees regarding cancellation of coverage and the ability to get that coverage back. Retirees who terminate or lose coverage will not be able to get back on the plan unless specific contract language or other agreement exists. Contact the plan administrator for details.

When Will You Pay a Higher Premium (Penalty) to Join a Medicare Drug Plan?

You should also know if you drop or lose your current coverage with Catholic Diocese of Jackson and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go 19 months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.
