401(k), 403(b), TAX-DEFERRED ANNUITY or SIMPLE IRA PLAN SALARY REDUCTION AGREEMENT

EMPLOYEE NAME

The Plan has been explained to me, and I have been given a Summary Plan Description. I understand that I may voluntarily choose to have my pay reduced for contributions to the Plan.

ELECT TO CONTRIBUTE - Select either (1) or (2) ... **OR** ... **ELECT NOT TO CONTRIBUTE** at bottom of page.

I elect to designate my contributions as Traditional Pre-Tax Contributions and contribute _____% .. OR
\$_____ of my pay, and I authorize my employer to deduct that amount each pay period.

I elect to designate my contributions as ROTH Post-Tax Contributions and contribute _____% .. OR
\$_____ of my pay, and I authorize my employer to deduct that amount each pay period.

I am aware that:

- 1) My contribution may be reduced in order to comply with Federal tax rules and limits, including any higher limits that apply to participants age 50 or older.
- 2) This election will take effect with the first pay period beginning on or after the first day of the next month, or as soon as it is administratively feasible for my employer to begin deductions from my pay after I file this Salary Reduction Agreement with my employer. I may stop or change my election for future pay periods by giving my employer written notice, which notice will take effect as soon as administratively feasible.
- 3) My contributions and earnings cannot be withdrawn or paid until I attain age 59½ or upon my death, disability, or termination of employment. My contributions may be available for withdrawal in the event of serious financial hardship (according to the Plan and IRS rules).
- 4) This election generally applies to all compensation payments that I receive, as described in my employer's Plan document.

 ELECTION NOT TO CONTRIBUTE

I do not wish to contribute to the Plan at this time. I understand that if the Plan provides for matching employer contributions, I will not be entitled to such contributions during the time I am not contributing. I also understand that I may elect to contribute in the future by completing a Salary Reduction Agreement and an Enrollment Form and filing them with my employer.
