Plan # 2516, 2517 & 2518

It is hereby agreed that the Summary Plan Description/Plan Document describing the provisions of the benefit plan as a restatement of a typographical error of Catholic Diocese of Jackson, the Plan Sponsor, is corrected effective January 1, 2020 (date of restated plan document) with respect to all covered participants and their dependents as follows:

The ELIGIBILITY FOR COVERAGE section on page 27:

Incorrect Wording:

SPECIAL AND OPEN ENROLLMENT

Federal law requires and the Plan provides so-called "Special Enrollment Periods," during which Employees may enroll in the Plan, even if they declined to enroll during an initial or subsequent eligibility period. The Special Enrollment rules are described in more detail within the Eligibility for Coverage section.

Loss of Other Coverage

This Plan will permit an eligible Employee or Dependent (including his or her spouse) or domestic partner who is eligible, but not enrolled, to enroll for coverage under the terms of the Plan if each of the following conditions is met:

1. The eligible Employee or Dependent was covered under another group health plan or had other health insurance coverage at the time coverage under this Plan was offered.
2. The eligible Employee stated in writing at the time this Plan was offered, that the reason for declining enrollment was due to the eligible Employee having coverage under another group health plan or due to the Employee having other health insurance coverage.
3. The eligible Employee or Dependent lost other coverage pursuant to one of the following events:
 - a. The eligible Employee or Dependent was under COBRA and the COBRA coverage was exhausted.

 - d. The Plan is no longer offering benefits to a class of similarly situated individuals.

If an Employee is currently enrolled in a benefit package, the Employee may elect to enroll in another benefit package under the Plan if the following requirements are met:

2. A Dependent of the enrolled Employee has a special enrollment right in the Plan because the Dependent has lost eligibility for other coverage.

Special enrollment rights will not be available to an Employee or Dependent if either of the following requirements is met:

1. The other coverage is/was available via COBRA Continuation Coverage and the Employee or Dependent failed to exhaust the maximum time available to him or her for such COBRA coverage; or
2. The Employee or Dependent lost the other coverage as a result of the individual's failure to pay premiums or required contributions or for cause (such as making a fraudulent claim or an intentional misrepresentation of a material fact in connection with the Other Plan).

For an eligible Employee or Dependent(s) who has met the conditions specified above, this Plan will be effective at 12:01 A.M. on the first day of the first calendar month beginning after the date the written or electronic request for enrollment (including the Participant's enrollment application, either paper or electronic as applicable, in the case of enrollment) is received by the Plan and the request is made within 30 days from loss of coverage. For example, if the Employee loses his or her other health coverage on April 22, he or she must notify the Plan Administrator and apply for coverage by close of business on May 22.

INTRODUCTION AND PURPOSE; GENERAL PLAN INFORMATION

INTRODUCTION AND PURPOSE

The Plan Sponsor has established the Plan for the benefit of eligible Employees and their eligible Dependents, in accordance with the terms and conditions described herein. Plan benefits are self-funded through a benefit fund or a trust established by the Plan Sponsor and self-funded with contributions from Participants and/or the Plan Sponsor. The Plan Sponsor's purpose in establishing the Plan is to protect eligible Employees and their Dependents against certain health expenses and to help defray the financial effects arising from Injury or Sickness. To accomplish this purpose, the Plan Sponsor must be mindful of the need to control and minimize health care costs through innovative and efficient plan design and cost containment provisions, and of abiding by the terms of the Plan Document, to allow the Plan Sponsor to effectively assign the resources available to help Participants in the Plan to the maximum feasible extent.

The Plan Sponsor has adopted this Plan Document as the written description of the Plan to set forth the terms and provisions of the Plan that provide for the payment or reimbursement of all or a portion of certain expenses for eligible benefits. NON-ENGLISH LANGUAGE NOTICE

This Plan Document contains a summary in English of a Participant's plan rights and benefits under the Plan. If a Participant has difficulty understanding any part of this Plan Document, he or she may contact the Plan Administrator at the contact information above.

LEGAL ENTITY; SERVICE OF PROCESS

The Plan is a legal entity. Legal notice may be filed with, and legal process served upon, the Plan Administrator.

NOT A CONTRACT

This Plan Document and any amendments constitute the terms and provisions of coverage under this Plan. The Plan Document is not to be construed as a contract of any type between the Company and any Participant or to be consideration for, or an inducement or condition of, the employment of any Employee. Nothing in this Plan Document shall be deemed to give any Employee the right to be retained in the service of the Company or to interfere with the right of the Company to discharge any Employee at any time; provided, however, that the foregoing shall not be deemed to modify the provisions of any collective bargaining agreements which may be entered into by the Company with the bargaining representatives of any Employees.

MENTAL HEALTH PARITY

Pursuant to the Mental Health Parity Act (MHPA) of 1996 and the Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA), collectively, the mental health parity provisions, this Plan applies its terms uniformly and enforces parity between covered health care benefits and covered mental health and substance disorder benefits relating to financial cost sharing restrictions and treatment duration limitations. For further details, please contact the Plan Administrator.

NON-DISCRIMINATION

No eligibility rules or variations in contribution amounts will be imposed based on an eligible Employee's and his or her Dependent's/Dependents' health status, medical condition, claims experience, receipt of health care, medical history, genetic information, evidence of insurability, disability, or any other health status related factor. Coverage under this Plan is provided regardless of an eligible Employee's and his or her Dependent's/Dependents' race, color, national origin, disability, age, sex, gender identity or sexual orientation. Variations in the administration, processes or benefits of this Plan that are based on clinically indicated reasonable medical management practices, or are part of permitted wellness incentives, disincentives and/or other programs do not constitute discrimination.

DISCRETIONARY AUTHORITY

The Plan Administrator shall have sole, full and final discretionary authority to interpret all Plan provisions, including the right to remedy possible ambiguities, inconsistencies and/or omissions in the Plan and related documents; to make determinations in regards to issues relating to eligibility for benefits; to decide disputes that may arise relative to a Participant's rights; and to determine all questions of fact and law arising under the Plan.

GRANDFATHERED HEALTH PLAN NOTICE

This group health plan believes this plan is a “grandfathered health plan” under the Patient Protection and Affordable Care Act (the Affordable Care Act). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that your plan may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the plan administrator at 601-969-1880.

DEFINITIONS

The following words and phrases shall have the following meanings when used in the Plan Document. **The following definitions are not an indication that charges for particular care, supplies or services are eligible for payment under the Plan, however they may be used to identify ineligible expenses; please refer to the appropriate sections of the Plan Document for that information.**

Some of the terms used in this document begin with a capital letter, even though the term normally would not be capitalized. These terms have special meaning under the Plan. Most terms will be listed in this Definitions section, but some terms are defined within the provision the term is used. Becoming familiar with the terms defined in the Definitions section will help to better understand the provisions of this Plan.

“ACCIDENT”

“Accident” shall mean an event which takes place without one’s foresight or expectation, or a deliberate act that results in unforeseen consequences.

“ACCIDENTAL BODILY INJURY” OR “ACCIDENTAL INJURY”

“Accidental Bodily Injury” or “Accidental Injury” shall mean an Injury sustained as the result of an Accident and independently of all other causes by an outside traumatic event or due to exposure to the elements.

“ACTIVELY AT WORK” OR “ACTIVE EMPLOYMENT”

An Employee is “Actively at Work” or in “Active Employment” on any day the Employee performs in the customary manner all of the regular duties of employment. An Employee will be deemed Actively at Work on each day of a regular paid vacation or on a regular non-working day on which the covered Employee is not totally disabled, provided the covered Employee was Actively at Work on the last preceding regular work day. An Employee shall be deemed Actively at Work if the Employee is absent from work due to a health factor, as defined by HIPAA, subject to the Plan’s Leave of Absence provisions. An Employee will not be considered under any circumstances Actively at Work if he or she has effectively terminated employment.

“ADA”

“ADA” shall mean the American Dental Association.

“ADVERSE BENEFIT DETERMINATION”

“Adverse Benefit Determination” shall mean any of the following:

1. A denial in benefits.
2. A reduction in benefits.
3. A rescission of coverage, even if the rescission does not impact a current claim for benefits.
4. A termination of benefits.
5. A failure to provide or make payment (in whole or in part) for a benefit, including any such denial, reduction, termination, or failure to provide or make payment that is based on a determination of a Claimant’s eligibility to participate in the Plan.
6. A denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit resulting from the application of any utilization review.
7. A failure to cover an item or service for which benefits are otherwise provided because it is determined to be Experimental or Investigational or not Medically Necessary or appropriate.

“AFFORDABLE CARE ACT (ACA)”

The “Affordable Care Act (ACA)” means the health care reform law enacted in March 2010. The law was enacted in two parts: the Patient Protection and Affordable Care Act was signed into law on March 23, 2010 and was amended by the Health Care and Education Reconciliation Act on March 30, 2010. The name “Affordable Care Act” is commonly used to refer to the final, amended version of the law. In this document, the Plan uses the name Affordable Care Act (ACA) to refer to the health care reform law.

“AHA”

“AHA” shall mean the American Hospital Association.

“ALLOWABLE EXPENSES”

“Allowable Expenses” shall mean the Maximum Allowable Charge for any Medically Necessary, eligible item of expense, at least a portion of which is covered under this Plan. When some Other Plan pays first in accordance with the Application to Benefit Determinations provision in the Coordination of Benefits section, this Plan’s Allowable Expenses shall in no event exceed the Other Plan’s Allowable Expenses.

When some “Other Plan” provides benefits in the form of services (rather than cash payments), the Plan Administrator shall assess the value of said benefit(s) and determine the reasonable cash value of the service or services rendered, by determining the amount that would be payable in accordance with the terms of the Plan. Benefits payable under any Other Plan include the benefits that would have been payable had the claim been duly made therefore, whether or not it is actually made.

“ALTERNATE RECIPIENT”

“Alternate Recipient” shall mean any Child of a Participant who is recognized under a Medical Child Support Order as having a right to enrollment under this Plan as the Participant’s eligible Dependent. For purposes of the benefits provided under this Plan, an Alternate Recipient shall be treated as an eligible Dependent.

“AMA”

“AMA” shall mean the American Medical Association.

“AMBULATORY SURGICAL CENTER”

“Ambulatory Surgical Center” shall mean any permanent public or private State licensed and approved (whenever required by law) establishment that operates exclusively for the purpose of providing Surgical Procedures to patients not requiring hospitalization with an organized medical staff of Physicians, with continuous Physician and nursing care by Registered Nurses (R.N.s). The patient is admitted to and discharged from the facility within the same working day as the facility does not provide service or other accommodations for patients to stay overnight.

“APPROVED CLINICAL TRIAL”

“Approved Clinical Trial” means a phase I, II, III or IV trial that is Federally funded by specified Agencies (National Institutes of Health (NIH), Centers for Disease Control and Prevention (CDCP), Agency for Healthcare Research and Quality (AHRQ), Centers for Medicare and Medicaid Services (CMS), Department of Defense (DOD) or Veterans Affairs (VA), or a non-governmental entity identified by NIH guidelines) or is conducted under an Investigational new drug application reviewed by the Food and Drug Administration (FDA) (if such application is required).

The Affordable Care Act requires that if a “qualified individual” is in an “Approved Clinical Trial,” the Plan cannot deny coverage for related services (“routine patient costs”).

A “qualified individual” is someone who is eligible to participate in an “Approved Clinical Trial” and either the individual’s doctor has concluded that participation is appropriate or the Participant provides medical and scientific information establishing that their participation is appropriate.

“Routine patient costs” include all items and services consistent with the coverage provided in the plan that is typically covered for a qualified individual who is not enrolled in a clinical trial. Routine patient costs do not include 1) the Investigational item, device or service itself; 2) items and services that are provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient; and 3) a service that is clearly inconsistent with the widely accepted and established standards of care for a particular Diagnosis. Plans are not required to provide benefits for routine patient care services provided outside of the Plan’s Network area unless out-of network benefits are otherwise provided under the Plan.

“ASSIGNMENT OF BENEFITS”

"Assignment of Benefits" shall mean an arrangement whereby the Participant, at the discretion of the Plan Administrator, assigns the right to seek and receive payment of eligible Plan benefits, less Deductibles, Copayments and the Coinsurance percentage that is not paid by the Plan, in strict accordance with the terms of this Plan Document, to a Provider. If a Provider accepts said arrangement, Providers' rights to receive Plan benefits are equal to those of a Participant, and are limited by the terms of this Plan Document. A Provider that accepts this arrangement indicates acceptance of an "Assignment of Benefits" and Deductibles, Copayments and the Coinsurance percentage that is the responsibility of the Participant, as consideration in full for services, supplies, and/or treatment rendered. The Plan Administrator may revoke or disregard an Assignment of Benefits previously issued to a Provider at its discretion and continue to treat the Participant as the sole beneficiary.

"CALENDAR YEAR"

"Calendar Year" shall mean the 12 month period from January 1 through December 31 of each year.

"CARDIAC CARE UNIT"

"Cardiac Care Unit" shall mean a separate, clearly designated service area which is maintained within a Hospital and which meets all the following requirements:

1. It is solely for the care and treatment of critically ill patients who require special medical attention because of their critical condition.
2. It provides within such area special nursing care and observation of a continuous and constant nature not available in the regular rooms and wards of the Hospital.
3. It provides a concentration of special lifesaving equipment immediately available at all times for the treatment of patients confined within such area.
4. It contains at least two beds for the accommodation of critically ill patients.
5. It provides at least one professional Registered Nurse, in continuous and constant attendance of the patient confined in such area on a 24 hour a day basis.

"CDC"

"CDC" shall mean Centers for Disease Control and Prevention.

"CENTER(S) OF EXCELLENCE"

"Center(s) of Excellence" shall mean medical care facilities that have met stringent criteria for quality care in the specialized procedures of organ transplantation. These centers have the greatest experience in performing transplant procedures and the best survival rates. The Plan Administrator shall determine what Network Centers of Excellence are to be used.

Any Participant in need of an organ transplant may contact the Third-Party Administrator to initiate the Pre-Certification process resulting in a referral to a Center of Excellence. The Third-Party Administrator acts as the primary liaison with the Center of Excellence, patient and attending Physician for all transplant admissions taking place at a Center of Excellence.

If a Participant chooses not to use a Center of Excellence, the payment for services will be limited to what would have been the cost at the nearest Center of Excellence.

Additional information about this option, as well as a list of Centers of Excellence, will be given to covered Employees and updated as requested.

"CHILD" AND/OR "CHILDREN"

"Child" and/or "Children" shall mean the Employee's natural Child, any stepchild, legally adopted Child, or any other Child for whom the Employee has been named "legal guardian", or any other Child for whom the Employee has been named legal guardian, or an "eligible foster child," which is defined as an individual placed with the Employee by an authorized placement agency or by judgment, decree or other order of a court of competent jurisdiction. For purposes of this definition, a legally adopted Child shall include a Child placed in an Employee's

physical custody in anticipation of adoption. "Child" shall also mean a covered Employee's Child who is an Alternate Recipient under a Qualified Medical Child Support Order, as required by the Federal Omnibus Budget Reconciliation Act of 1993. A "legal guardian" is a person recognized by a court of law as having the duty of taking care of the person and managing the property and rights of a minor child.

"CHIP"

"CHIP" refers to the Children's Health Insurance Program or any provision or section thereof, which is herein specifically referred to, as such act, provision or section may be amended from time to time.

"CHIPRA"

"CHIPRA" refers to the Children's Health Insurance Program Reauthorization Act of 2009 or any provision or section thereof, which is herein specifically referred to, as such act.

"CHIROPRACTIC CARE"

"Chiropractic Care" shall mean the detection and correction, by manual or mechanical means, of the interference with nerve transmissions and expressions resulting from distortion, misalignment or dislocation of the spinal (vertebrae) column.

"CLAIMANT"

"Claimant" shall mean a Participant of the Plan, or entity acting on his or her behalf, authorized to submit claims to the Plan for processing, and/or appeal an Adverse Benefit Determination.

"CLAIM DETERMINATION PERIOD"

"Claim Determination Period" shall mean each Plan Year.

"CLEAN CLAIM"

A "Clean Claim" is one that can be processed in accordance with the terms of this document without obtaining additional information from the service Provider or a third party. It is a claim which has no defect or impropriety. A defect or impropriety shall include a lack of required sustaining documentation as set forth and in accordance with this document, or a particular circumstance requiring special treatment which prevents timely payment as set forth in this document, and only as permitted by this document, from being made. A Clean Claim does not include claims under investigation for fraud and abuse or claims under review for Medical Necessity and Reasonableness, or fees under review for Usual and Customariness, or any other matter that may prevent the charge(s) from being Covered Expenses in accordance with the terms of this document.

Filing a Clean Claim. A Provider submits a Clean Claim by providing the required data elements on the standard claims forms, along with any attachments and additional elements or revisions to data elements, attachments and additional elements, of which the Provider has knowledge. The Plan Administrator may require attachments or other information in addition to these standard forms (as noted elsewhere in this document and at other times prior to claim submittal) to ensure charges constitute Covered Expenses as defined by and in accordance with the terms of this document. The paper claim form or electronic file record must include all required data elements and must be complete, legible, and accurate. A claim will not be considered to be a Clean Claim if the Participant has failed to submit required forms or additional information to the Plan as well.

"CMS"

"CMS" shall mean Centers for Medicare and Medicaid Services.

"COINSURANCE"

"Coinsurance" shall mean a cost sharing feature of many plans. It requires a Participant to pay out-of-pocket a prescribed portion of the cost of Covered Expenses. The defined Coinsurance that a Participant must pay out-of-pocket is based upon his or her health plan design. Coinsurance is established as a predetermined percentage of the Maximum Allowable Charge for covered services and usually applies after a Deductible is met in a Deductible plan.

"COPAYMENT" OR "COPAY"

"Copayment" or "Copay" shall mean a dollar amount the Participant pays for health care expenses. In most plans, the Participant pays this after he or she meets his or her Deductible limit.

"COSMETIC SURGERY"

"Cosmetic Surgery" shall mean any expenses Incurred in connection with the care and treatment of, or operations which are performed for plastic, reconstructive, or cosmetic purposes or any other service or supply which are primarily used to improve, alter, or enhance appearance of a physical characteristic which is within the broad spectrum of normal but which may be considered displeasing or unattractive, except when required by an Injury.

"COVERED EXPENSE(S)"

"Covered Expense(s)" shall mean a service or supply provided in accordance with the terms of this document, whose applicable charge amount does not exceed the Maximum Allowable Charge for an eligible Medically Necessary service, treatment or supply, meant to improve a condition or Participant's health, which is eligible for coverage in accordance with this Plan. When more than one treatment option is available, and one option is no more effective than another, the Covered Expense is the least costly option that is no less effective than any other option.

All treatment is subject to benefit payment maximums shown in the Summary of Benefits and as set forth elsewhere in this document.

"CUSTODIAL CARE"

"Custodial Care" shall mean care or confinement designated principally for the assistance and maintenance of the Participant, in engaging in the activities of daily living, whether or not Totally Disabled. This care or confinement could be rendered at home or by persons without professional skills or training. This care may relieve symptoms or pain but is not reasonably expected to improve the underlying medical condition. Custodial Care includes, but is not limited to, assistance in eating, dressing, bathing and using the toilet, preparation of special diets, supervision of medication which can normally be self-administered, assistance in walking or getting in and out of bed, and all domestic activities.

"DEDUCTIBLE"

"Deductible" shall mean the aggregate amount for certain expenses for covered services that is the responsibility of the Participant to pay for him or herself each Plan Year before the Plan will begin its payments. However, certain covered benefits may be considered Preventive Care and paid first dollar. The Participant's ability to contribute to a Health Savings Account (HSA) on a tax favored basis may be affected by any arrangement that waives this Plan's Deductible.

"DENTIST"

"Dentist" shall mean a properly trained person holding a D.D.S. or D.M.D. degree and practicing within the scope of a license to practice dentistry within their applicable geographic venue.

"DEPENDENT"

"Dependent" shall mean one or more of the following person(s):

1. An Employee's present spouse, thereby possessing a valid marriage license, not annulled or voided in any way. A Dependent spouse shall therefore not be one whom is divorced from the Employee. A Dependent spouse shall include an opposite-sex common law spouse, when such marital status is legally recognized in the jurisdiction in which the Employee has his or her principal residence.
2. An Employee's opposite-sex domestic partner who has the same principal place of abode for more than one half of the Calendar Year, and who relies on the Employee for more than one half of his or her support for the Calendar Year in which the domestic partner is enrolled for coverage under the Plan. **Note:** *To the extent State Continuation coverage is applicable, and Employee's domestic partner is not considered a*

qualified beneficiary and does not have independent rights under State Continuation; however, an Employee's domestic partner will be entitled to State continuation coverage as a dependent of a qualified beneficiary. An Employee's domestic partner and the domestic partner's enrolled children will be considered a qualified beneficiary and eligible to continue coverage under the State Continuation provisions to the same extent as an Employee's spouse or child.

3. An Employee's Child who is less than 26 years of age. **NOTE:** Coverage of a Dependent Child will continue until the end of the calendar month he or she turns 26 years of age.
4. An Employee's Child, regardless of age, who was continuously covered prior to attaining the limiting age as stated in the numbers above, who is mentally or physically incapable of sustaining his or her own living. Such Child must have been mentally or physically incapable of earning his or her own living prior to attaining the limiting age as stated in the numbers above. Written proof of such incapacity and dependency satisfactory to the Plan must be furnished and approved by the Plan within 31 days after the date the Child attains the limiting age as stated in the numbers above. The time limit for written proof of incapacity and dependency is 30 days following the original eligibility date for a new or re-enrolling Employee. The Plan may require, at reasonable intervals, subsequent proof satisfactory to the Plan during the next two years after such date. After such two year period, the Plan may require such proof, but not more often than once each year.

Active members of any armed force shall not be deemed to be "Dependents."

Residents of a country other than the United States shall not be deemed to be "Dependents."

An Employee's spouse must meet the following requirements:

1. Employee and spouse shall not have been engaged in a trial separation for more than 12 consecutive months upon the date a Clean Claim for Covered Expense(s) provided to spouse are received by the Plan.
2. Employee and spouse shall have been cohabitating at the same residence for the majority of the applicable Plan Year. When an Employee or spouse is traveling or residing elsewhere as part of their profession, to care for a family member (due, for instance, to Illness or Injury), and/or is residing elsewhere due to their own Illness or Injury, for more than half of the applicable Plan Year (and thus residing with each other for less than the majority of the applicable Plan Year), but the primary residence of the Employee is also the spouse's primary residence for all legal, regulatory, and statutory purposes, this constitutes cohabitation as required by this provision.

The Plan Administrator has discretionary authority to interpret these terms, and determine spousal status as defined herein, to the extent allowed by law.

The mere fact that the service is furnished, prescribed or approved by a Physician does not mean that it is “Medically Necessary.” In addition, the fact that certain services are excluded from coverage under this Plan because they are not “Medically Necessary” does not mean that any other services are deemed to be “Medically Necessary.”

To be Medically Necessary, all of these criteria must be met. Merely because a Physician or Dentist recommends, approves, or orders certain care does not mean that it is Medically Necessary. The Plan Administrator has the discretionary authority to decide whether care or treatment is Medically Necessary based on recommendations of the Plan Administrator's own medical advisors, the findings of the American Medical Association or similar organization, or any other sources that the Plan Administrator deems appropriate.

QUALIFIED MEDICAL CHILD SUPPORT ORDERS

This Plan will provide for immediate enrollment and benefits to the Child or Children of a Participant who are the subject of a Qualified Medical Child Support Order (QMCSO), regardless of whether the Child or Children reside with the Participant, provided the Child or Children are not already enrolled as an eligible Dependent as described in this Plan. If a QMCSO is issued, then the Child or Children shall become Alternate Recipient(s) of the benefits under this Plan, subject to the same limitations, restrictions, provisions and procedures as any other Participant. The Plan Administrator will determine if the order properly meets the standards described herein. A properly completed National Medical Support Notice (NMSN) will be treated as a QMCSO and will have the same force and effect.

To be considered a Qualified Medical Child Support Order, the Medical Child Support Order must contain the following information:

1. The name and last known mailing address (if any) of the Participant and the name and mailing address of each such Alternate Recipient covered by the order.
2. A reasonable description of the type of coverage to be provided by this Plan to each Alternate Recipient, or the manner in which such type of coverage is to be determined.
3. The period of coverage to which the order applies.
4. The name of this Plan.

A National Medical Support Notice shall be deemed a QMCSO if all of the following requirements are met:

1. It contains the information set forth above in the definition of "National Medical Support Notice."

2. It identifies either the specific type of coverage or all available group health coverage. If the Employer receives a NMSN that does not designate either specific type(s) of coverage or all available coverage, the Employer and the Plan Administrator will assume that all are designated.
3. It informs the Plan Administrator that, if a group health plan has multiple options and the Participant is not enrolled, the issuing agency will make a selection after the NMSN is qualified, and, if the agency does not respond within 20 days, the Child will be enrolled under the Plan's default option (if any).
4. It specifies that the period of coverage may end for the Alternate Recipient(s) only when similarly situated dependents are no longer eligible for coverage under the terms of the Plan, or upon the occurrence of certain specified events.

A NMSN need not be recognized as a QMCSO if it requires the Plan to provide any type or form of benefit, or any option, not otherwise provided to the Participants and eligible Participants without regard to the provisions herein, except to the extent necessary to meet the requirements of a State law relating to Medical Child Support Orders, as described in Social Security Act § 1908 (as added by Omnibus Budget Reconciliation Act of 1993 § 13822).

In the instance of any Medical Child Support Order received by this Plan, the Plan Administrator shall, as soon as administratively possible, perform the following:

1. In writing, notify the Participant and each Alternate Recipient covered by such Order (at the address included in the Order) of the receipt of such Order and the Plan's procedures for determining whether the Order qualifies as a QMCSO.
2. Make an administrative determination if the order is a QMCSO and notify the Participant and each affected Alternate Recipient of such determination.

In the instance of any National Medical Support Notice received by this Plan, the Plan Administrator shall perform the following:

1. Notify the State agency issuing the notice with respect to the Child whether coverage of the Child is available under the terms of the Plan and, if so:
 - a. Whether the Child is covered under the Plan.
 - b. Either the effective date of the coverage or, if necessary, any steps to be taken by the custodial parent or by the official of a State or political subdivision to effectuate the coverage.
2. Provide to the custodial parent (or any State official serving in a substitute capacity) a description of the coverage available and any forms or documents necessary to effectuate such coverage.

As required by Federal law, the Plan Administrator shall perform the following:

1. Establish reasonable procedures to determine whether Medical Child Support Order or National Medical Support Notice are Qualified Medical Child Support Orders.
2. Administer the provision of benefits under such qualified orders. Such procedures shall:
 - a. Be in writing.
 - b. Provide for the notification of each person specified in a Medical Child Support Order as eligible to receive benefits under the plan (at the address included in the Medical Child Support Order) of such procedures promptly upon receipt by the plan of the Medical Child Support Order.
 - c. Permit an Alternate Recipient to designate a representative for receipt of copies of notices that are sent to the Alternate Recipient with respect to a Medical Child Support Order.

ACQUIRED COMPANIES

Eligible Employees of an acquired company who are Actively at Work and were covered under the Prior Plan of the acquired company will be eligible for the benefits under this Plan on the date of acquisition. Any waiting period previously satisfied under the prior health plan will be applied toward satisfaction of the Service Waiting Period of this Plan. In the event that an acquired company did not have a health plan, all eligible Employees will be eligible on the date of the acquisition.

GENETIC INFORMATION NONDISCRIMINATION ACT (“GINA”)

“GINA” prohibits group health plans, issuers of individual health care policies, and employers from discriminating on the basis of genetic information.

The term “genetic information” means, with respect to any individual, information about any of the following:

1. Such individual's genetic tests.
2. The genetic tests of family members of such individual.
3. The manifestation of a Disease or disorder in family members of such individual.

The term “genetic information” includes participating in clinical research involving genetic services. Genetic tests would include analysis of human DNA, RNA, chromosomes, proteins, or metabolites that detect genotypes, mutations, or chromosomal changes. Genetic information is a form of Protected Health Information (PHI) as defined by and in accordance with the Health Insurance Portability and Accountability Act of 1996 (HIPAA), and is subject to applicable Privacy and Security Standards.

Family members as it relates to GINA include dependents, plus all relatives to the fourth degree, without regard to whether they are related by blood, marriage, or adoption. Underwriting as it relates to GINA includes any rules for determining eligibility, computing premiums or contributions, and applying pre-existing condition limitations. Offering reduced premiums or other rewards for providing genetic information would be impermissible underwriting.

GINA will not prohibit a health care Provider who is treating an individual from requesting that the patient undergo genetic testing. The rules permit the Plan to obtain genetic test results and use them to make claims payment determinations when it is necessary to do so to determine whether the treatment provided to the patient was medically advisable and/or necessary.

The Plan may request, but not require, genetic testing in certain very limited circumstances involving research, so long as the results are not used for underwriting, and then only with written notice to the individual that participation is voluntary and will not affect eligibility for benefits, premiums or contributions. In addition, the Plan will notify and describe its activity to the Health and Human Services secretary of its activities falling within this exception.

While the Plan may collect genetic information after initial enrollment, it may not do so in connection with any annual renewal process where the collection of information affects subsequent enrollment. The Plan will not adjust premiums or increase group contributions based upon genetic information, request or require genetic testing or collect genetic information either prior to or in connection with enrollment or for underwriting purposes.

The coverage of any Employee for himself or herself under this Plan will terminate on the earliest to occur of the following dates:

NOTE: The Employer offers these benefits in conjunction with a cafeteria plan under Section 125 of the Internal Revenue Code and a voluntary termination must comply with the requirements of the Code and the cafeteria plan.

CONTINUATION OF COVERAGE

CONTINUATION DURING FAMILY AND MEDICAL LEAVE ACT (FMLA) LEAVE

Regardless of the established leave policies mentioned above, the Plan shall at all times comply with FMLA. It is the intention of the Plan Administrator to provide these benefits only to the extent required by applicable law and not to grant greater rights than those so required. During a FMLA Leave, coverage will be maintained in accordance with the same Plan conditions as coverage would otherwise be provided if the covered Employee had been a continuously active employee during the entire leave period. If Plan coverage lapses during the FMLA Leave, coverage will be reinstated for the person(s) who had coverage under the Plan when the FMLA Leave began, upon the Employee's return to work at the conclusion of the FMLA Leave.

Leave Entitlements

Eligible employees who work for a covered employer can take up to 12 weeks of unpaid, job-protected leave in a 12-month period for the following reasons:

- The birth of a child or placement of a child for adoption or foster care.
- To bond with a child (leave must be taken within 1 year of the child's birth or placement).
- To care for the employee's spouse, child, or parent who has a qualifying serious health condition.
- For the employee's own qualifying serious health condition that makes the employee unable to perform the employee's job.
- For qualifying exigencies related to the foreign deployment of a military member who is the employee's spouse, child, or parent.

An eligible employee who is a covered servicemember's spouse, child, parent, or next of kin may also take up to 26 weeks of FMLA leave in a single 12-month period to care for the servicemember with a serious injury or illness.

An employee does not need to use leave in one block. When it is medically necessary or otherwise permitted, employees may take leave intermittently or on a reduced schedule.

Employees may choose, or an employer may require, use of accrued paid leave while taking FMLA leave. If an employee substitutes accrued paid leave for FMLA leave, the employee must comply with the employer's normal paid leave policies.

Benefits and Protections

While employees are on FMLA leave, employers must continue health insurance coverage as if the employees were not on leave. Upon return from FMLA leave, most employees must be restored to the same job or one nearly identical to it with equivalent pay, benefits, and other employment terms and conditions.

An employer may not interfere with an individual's FMLA rights or retaliate against someone for using or trying to use FMLA leave, opposing any practice made unlawful by the FMLA, or being involved in any proceeding under or related to the FMLA.

Eligibility Requirements

An employee who works for a covered employer must meet three criteria in order to be eligible for FMLA leave. The employee must meet all of the following requirements:

- Have worked for the employer for at least 12 months.
- Have at least 1,250 hours of service in the 12 months before taking leave.*
- Work at a location where the employer has at least 50 employees within 75 miles of the employee's worksite.

*Special "hours of service" requirements apply to airline flight crew employees.

Requesting Leave

Generally, employees must give 30-days' advance notice of the need for FMLA leave. If it is not possible to give 30-days' notice, an employee must notify the employer as soon as possible and, generally, follow the employer's usual procedures.

Employees do not have to share a medical diagnosis, but must provide enough information to the employer so it can determine if the leave qualifies for FMLA protection. Sufficient information could include informing an employer that the employee is or will be unable to perform his or her job functions, that a family member cannot perform daily activities, or that hospitalization or continuing medical treatment is necessary. Employees must inform the employer if the need for leave is for a reason for which FMLA leave was previously taken or certified.

Employers can require a certification or periodic recertification supporting the need for leave. If the employer determines that the certification is incomplete, it must provide a written notice indicating what additional information is required.

Employer Responsibilities

Once an employer becomes aware that an employee's need for leave is for a reason that may qualify under the FMLA, the employer must notify the employee if he or she is eligible for FMLA leave and, if eligible, must also provide a notice of rights and responsibilities under the FMLA. If the employee is not eligible, the employer must provide a reason for ineligibility.

Employers must notify its employees if leave will be designated as FMLA leave, and if so, how much leave will be designated as FMLA leave.

Enforcement

Employees may file a complaint with the U.S. Department of Labor, Wage and Hour Division, or may bring a private lawsuit against an employer.

The FMLA does not affect any federal or state law prohibiting discrimination or supersede any state or local law or collective bargaining agreement that provides greater family or medical leave rights.

Continuation During USERRA

Participants who are absent from employment because they are in the Uniformed Services may elect to continue their coverage under this Plan for up to 24 months. To continue coverage, Participants must comply with the terms of the Plan, including election during the Plan's annual enrollment period, and pay their contributions, if any. In addition, USERRA also requires that, regardless of whether a Participant elected to continue his or her coverage under the Plan, his or her coverage and his or her Dependents' coverage be reinstated immediately upon his or her return to employment, so long as he or she meets certain requirements contained in USERRA. Participants should contact their participating Employer for information concerning their eligibility for USERRA and any requirements of the Plan.

Continuation During State Continuation – Introduction

You may continue Health Expense Coverage on the Catholic Diocese of Jackson Employee Benefit Plan, which terminates for you and your dependents, for any reason, except involuntary termination of employment due to cause, but only if you have been covered under this Plan for at least 3 months in a row prior to such termination.

Participants may have other options available when group health coverage is lost. For example, a Participant may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, the Participant may qualify for lower costs on his or her monthly premiums and lower out-of-pocket costs. Additionally, the Participant may qualify for a 30-day special enrollment period for another group health plan for which the Participant is eligible (such as a spouse's plan), even if that plan generally doesn't accept late enrollees.

State Continuation Coverage

"State Continuation Coverage" is a continuation of Plan coverage when coverage would otherwise end because of a life event known as a "Qualifying Event." State Continuation (and the description of State Continuation Coverage contained in this Plan) does not apply to the following benefits (if available as part of the Employer's plan): life insurance, accidental death and dismemberment benefits and weekly income or long term disability benefits. The aforementioned benefits are not considered for continuation. The Plan provides no greater continuation rights than what is required – nothing in this Plan is intended to expand the Participant's rights beyond continuation requirements.

Qualifying Events

Specific Qualifying Events are listed below. After a Qualifying Event, State Continuation Coverage must be offered to each person who is a "Qualified Beneficiary." A Qualified Beneficiary is someone who is or was covered by the Plan, and has lost or will lose coverage under the Plan due to the occurrence of a Qualifying Event. The Employee and/or Employee's Dependents could therefore become Qualified Beneficiaries if applicable coverage under the Plan is lost because of the Qualifying Event.

An Employee, who is properly enrolled in this Plan and is a covered Employee, will become a Qualified Beneficiary if he or she loses his or her coverage under the Plan because either one of the following Qualifying Events happens:

1. The hours of employment are reduced.
2. The employment ends for any reason other than gross misconduct.

The spouse of a covered Employee will become a Qualified Beneficiary if he or she loses his or her coverage under the Plan because any of the following Qualifying Events happens:

1. The Employee dies.
2. The Employee's hours of employment are reduced.
3. The Employee's employment ends for any reason other than his or her gross misconduct.
4. The Employee becomes entitled to Medicare benefits (under Part A, Part B, or both).
5. The Employee becomes divorced from his or her spouse.

Dependent Children will become Qualified Beneficiaries if they lose coverage under the Plan because any of the following Qualifying Events happens:

1. The parent-covered Employee dies.
2. The parent-covered Employee's hours of employment are reduced.
3. The parent-covered Employee's employment ends for any reason other than his or her gross misconduct.
4. The parent-covered Employee becomes entitled to Medicare benefits (Part A, Part B, or both).
5. The parents become divorced.
6. The Child stops being eligible for coverage under the Plan as a Dependent Child.

Employer Notice of Qualifying Events

When the Qualifying Event is the end of employment (for reasons other than gross misconduct), reduction of hours of employment, death of the covered Employee, or the covered Employee's becoming entitled to Medicare

benefits (under Part A, Part B, or both), the Employer must notify the Continuation Administrator of the Qualifying Event.

Employee Notice of Qualifying Events

In certain circumstances, the covered Employee or Qualified Beneficiary, in order to protect his or her rights under State Continuation, is required to provide notification to the State Continuation Administrator in writing, either by U.S. First Class Mail or hand delivery. These circumstances are any of the following:

1. **Notice of Divorce or Separation:** Notice of the occurrence of a Qualifying Event that is a divorce of a covered Employee (or former Employee) from his or her spouse.
2. **Notice of Child's Loss of Dependent Status:** Notice of the occurrence of a Qualifying Event that is an individual's ceasing to be eligible as a Dependent Child under the terms of the Plan.

As indicated above, Notification of a Qualifying Event must be made in writing. Notice must be made by submitting the "Notice of Qualifying Event" form and mailing it by U.S. First Class Mail or hand delivery to the State Continuation Administrator. This form is available, without charge, from the State Continuation Administrator.

Notification must include an adequate description of the Qualifying Event. Please see the remainder of this section for additional information.

Notification must be received by the State Continuation Administrator. The State Continuation Administrator is:

Assured Benefit Administrators
8150 North Central Exwy #1700
Dallas, Texas 75206
Phone: 800-247-7114
Fax: 214-269-8401
Website/Email: www.abadmin.com

A form of notice is available, free of charge, from the State Continuation Administrator and must be used when providing the notice.

Deadline For Providing the Notice

For Qualifying Events described above, notice must be furnished within 31 days of the latest occurring event set forth below:

1. The date upon which the Qualifying Event occurs.
2. The date upon which the Qualified Beneficiary loses (or would lose) Plan coverage due to a Qualifying Event.
3. The date upon which the Qualified Beneficiary is notified via the Plan's SPD or general notice, and/or becomes aware of their status as a Qualified Beneficiary and/or the occurrence of a Qualifying Event; as well as their subsequent responsibility to comply with the Plan's procedure(s) for providing notice to the State Continuation Administrator regarding said status.

The notice must be postmarked (if mailed), or received by the State Continuation Administrator (if hand delivered), by the deadline set forth above. If the notice is late, the opportunity to elect or extend State Continuation Coverage is lost, and if the person is electing State Continuation Coverage, his or her coverage under the Plan will terminate on the last date for which he or she is eligible under the terms of the Plan.

Who Can Provide the Notice

Any individual who is the covered Employee (or former Employee) with respect to a Qualifying Event, or any representative acting on behalf of the covered Employee (or former Employee) or Qualified Beneficiary, may

provide the notice. Notice by one individual shall satisfy any responsibility to provide notice on behalf of all related Qualified Beneficiaries with respect to the Qualifying Event.

Required Contents of the Notice

After receiving a notice of a Qualifying Event, the Plan must provide the Qualified Beneficiary with an election notice, which describes their rights to State Continuation Coverage and how to make such an election. The notice must contain the following information:

1. Name and address of the covered Employee or former Employee.
2. Name of the Plan and the name, address, and telephone number of the Plan's State Continuation administrator.
3. Identification of the Qualifying Event and its date.
4. A description of the Qualifying Event (for example, divorce, cessation of Dependent status, entitlement to Medicare by the covered Employee or former Employee, death of the covered Employee or former Employee, disability of a Qualified Beneficiary or loss of disability status).
 - a. In the case of a Qualifying Event that is divorce, name(s) and address(es) of spouse and Dependent Child or Children covered under the Plan, date of divorce and a copy of the decree of divorce.
 - b. In the case of a Qualifying Event that is Medicare entitlement of the covered Employee or former Employee, date of entitlement, and name(s) and address(es) of spouse and Dependent Child or Children covered under the Plan.
 - c. In the case of a Qualifying Event that is a Dependent Child's cessation of Dependent status under the Plan, name and address of the Child, reason the Child ceased to be an eligible Dependent (for example, attained limiting age).
 - d. In the case of a Qualifying Event that is the death of the covered Employee or former Employee, the date of death, and name(s) and address(es) of spouse and Dependent Child or Children covered under the Plan.
5. Identification of the Qualified Beneficiaries (by name or by status).
6. An explanation of the Qualified Beneficiaries' right to elect continuation coverage.
7. The date coverage will terminate (or has terminated) if continuation coverage is not elected.
8. How to elect continuation coverage.
9. What will happen if continuation coverage isn't elected or is waived.
10. What continuation coverage is available, for how long.
11. How continuation coverage might terminate early.
12. Premium payment requirements, including due dates and grace periods.
13. A statement of the importance of keeping the Plan Administrator informed of the addresses of Qualified Beneficiaries.
14. A statement that the election notice does not fully describe State Continuation or the plan and that more information is available from the Plan Administrator and in the SPD.
15. A certification that the information is true and correct, a signature and date.

If a copy of the decree of divorce cannot be provided by the deadline for providing the notice, complete and provide the notice, as instructed, by the deadline and submit the copy of the decree of divorce within 30 days after the deadline. The notice will be timely if done so. However, no State Continuation Coverage will be available until the copy of the decree of divorce is provided.

If the notice does not contain all of the required information, the State Continuation Administrator may request additional information. If the individual fails to provide such information within the time period specified by the State Continuation Administrator in the request, the State Continuation Administrator may reject the notice if it does not contain enough information for the State Continuation Administrator to identify the plan, the covered Employee (or former Employee), the Qualified Beneficiaries, the Qualifying Event, and the date on which the Qualifying Event, if any, occurred.

Electing State Continuation Coverage

Complete instructions on how to elect State Continuation Coverage will be provided by the State Continuation Administrator within 14 days of receiving the notice of the Qualifying Event. The individual then has 30 days in which to elect State Continuation Coverage. The 30-day period is measured from the later of the date coverage terminates and the date of the notice containing the instructions. If State Continuation Coverage is not elected in that 30-day period, then the right to elect it ceases.

Each Qualified Beneficiary will have an independent right to elect State Continuation Coverage. Covered Employees may elect State Continuation Coverage on behalf of all other Qualified Beneficiaries, including their spouses, and parents or a legal guardian may elect State Continuation Coverage on behalf of their Children.

In the event that the State Continuation Administrator determines that the individual is not entitled to State Continuation Coverage, the State Continuation Administrator will provide to the individual an explanation as to why he or she is not entitled to State Continuation Coverage.

Duration of State Continuation Coverage

When the Qualifying Event is the end of employment (for reasons other than gross misconduct) or reduction of the covered Employee's hours of employment, State Continuation Coverage lasts for only up to a total of 12 months.

Shorter Duration of State Continuation Coverage

It is not necessary that State Continuation Coverage be in effect for the maximum period of time, as set forth herein. State Continuation Coverage may conclude prior to the latest possible date if the Employer ceases to provide a group health plan to any Employee; the Qualified Beneficiary fails to make timely payment of any required contributions or premium; the Qualified Beneficiary gains coverage under another group health plan (as an Employee or otherwise) or becomes entitled to either Medicare Part A or Part B (whichever comes first); and/or any other event occurs which enables the Plan Administrator to terminate coverage without offering State Continuation Coverage (such as the commission of fraud by the Qualified Beneficiary and/or their Dependent).

Contribution and/or Premium Requirements

The cost of the elected State Continuation Coverage must be paid within 45 days of its election. Payments will then be subsequently due on the first day of each month. State Continuation Coverage will be canceled and will not be reinstated if any payment is made late; however, the Plan Administrator must allow for a 30-day grace period during which a late payment may still be made without the loss of State Continuation Coverage.

Subject to the claims processing and other technical services delegated to the Third Party Administrator, the Plan Administrator reserves the unilateral right and power to administer and to interpret, construe and construct the terms and provisions of the Plan, including without limitation, correcting any error or defect, supplying any omission, reconciling any inconsistency and making factual determinations.

PLAN ADMINISTRATOR

The Plan is administered by the Plan Administrator. An individual, committee, or entity may be appointed by the Plan Sponsor to be Plan Administrator and serve at the convenience of the Plan Sponsor. If the appointed Plan Administrator or a committee member resigns, dies, is otherwise unable to perform, is dissolved, or is removed from the position, the Plan Sponsor shall appoint a new Plan Administrator as soon as reasonably possible.

The decisions of the Plan Administrator will be final and binding on all interested parties. Benefits will be paid under this Plan only if the Plan Administrator, in its discretion, determines that the Participant is entitled to them.

If due to errors in drafting, any Plan provision does not accurately reflect its intended meaning, as demonstrated by prior interpretations or other evidence of intent, or as determined by the Plan Administrator in its sole and exclusive judgment, the provision shall be considered ambiguous and shall be interpreted by the Plan Administrator in a fashion consistent with its intent, as determined by the Plan Administrator. The Plan may be amended retroactively to cure any such ambiguity, notwithstanding anything in the Plan to the contrary.

The foregoing provisions of this Plan may not be invoked by any person to require the Plan to be interpreted in a manner which is inconsistent with its interpretations by the Plan Administrator. All actions taken and all determinations by the Plan Administrator shall be final and binding upon all persons claiming any interest under the Plan subject only to the claims appeal procedures of the Plan.

3. To interpret the Plan, including the authority to construe possible ambiguities, inconsistencies, omissions and disputed terms.
4. To make factual findings.
5. To decide disputes which may arise relative to a Participant's rights and/or availability of benefits.
6. To prescribe procedures for filing a claim for benefits, to review claim denials and appeals relating to them and to uphold or reverse such denials.
7. To keep and maintain the Plan documents and all other records pertaining to the Plan.
8. To appoint and supervise a Third Party Administrator to pay claims.
9. To perform all necessary reporting.
10. To establish and communicate procedures to determine whether a Medical Child Support Order is a QMCSO.

11. To delegate to any person or entity such powers, duties and responsibilities as it deems appropriate.
12. To perform each and every function necessary for or related to the Plan's administration.

AMENDING AND TERMINATING THE PLAN

This Plan was established for the exclusive benefit of the Employees with the intention it will continue indefinitely; however, as the settlor of the Plan, the Plan Sponsor, through its directors and officers, may, in its sole discretion, at any time, amend, suspend or terminate the Plan in whole or in part. This includes amending the benefits under the Plan or the trust agreement (if any). All amendments to this Plan shall become effective as of a date established by the Plan Sponsor.

The process whereby amendments, suspension and/or termination of the Plan is accomplished, or any part thereof, shall be decided upon and/or enacted by resolution of the Plan Sponsor's directors and officers if it is incorporated (in compliance with its articles of incorporation or bylaws and if these provisions are deemed applicable), or by the sole proprietor in his or her own discretion if the Plan Sponsor is a sole proprietorship, but always in accordance with applicable Federal and State law, including – where applicable – notification rules provided for and as required.

If the Plan is terminated, the rights of the Plan Participants are limited to expenses Incurred before termination. In connection with the termination, the Plan Sponsor may establish a deadline by which all Claims must be submitted for consideration. Benefits will be paid only for Covered Expenses Incurred prior to the termination date and submitted in accordance with the rules established by the Plan Sponsor. Upon termination, any Plan assets will be used to pay outstanding claims and all expenses of Plan termination. As it relates to distribution of assets upon termination of the Plan, any contributions paid by Participants will be used for the exclusive purpose of providing benefits and defraying reasonable expenses related to Plan administration, and will not inure to the benefit of the Employer.

SUMMARY OF MATERIAL REDUCTION (SMR)

A Summary of Material Reduction (SMR) is a type of SMM. A Material Reduction generally means any modification that would be considered by the average participant to be an important reduction in covered services or benefits. Examples include reductions in benefits or increases in Deductibles or Copayments.

The Plan Administrator shall notify all eligible Employees of any plan amendment considered a Material Reduction in covered services or benefits provided by the Plan as soon as administratively feasible after its adoption, but no later than 60 days after the date of adoption of the reduction. Eligible Employees and beneficiaries must be furnished a summary of such reductions, and any changes so made shall be binding on each Participant. The 60 day period for furnishing a summary of Material Reduction does not apply to any Employee covered by the Plan who would reasonably expect to receive a summary through other means within the next 90 days.

Material Reduction disclosure provisions are subject to the requirements of Health Insurance Portability and Accountability Act of 1996 (HIPAA) and any related amendments.

MISUSE OF IDENTIFICATION CARD

If an Employee or covered Dependent permits any person who is not a covered Participant of the Family Unit to use any identification card issued, the Plan Sponsor may give Employee written notice that his (and his family's) coverage will be terminated in accordance with the Plan's provisions.

CLAIM PROCEDURES; PAYMENT OF CLAIMS

INTRODUCTION

In accordance with applicable law, the Plan will allow an authorized representative to act on a Claimant's behalf in pursuing or appealing a benefit claim.

The availability of health benefit payments is dependent upon Claimants complying with the following:

HEALTH CLAIMS

Full and final authority to adjudicate claims and make determinations as to their payability by and under the Plan belongs to and resides solely with the Plan Administrator. The Plan Administrator shall make claims adjudication determinations after full and fair review and in accordance with the terms of this Plan, and applicable law. To receive due consideration, claims for benefits and questions regarding said claims should be directed to the Third Party Administrator. The Plan Administrator may delegate to the Third Party Administrator responsibility to process claims in accordance with the terms of the Plan and the Plan Administrator's directive(s). The Third Party Administrator is not a fiduciary of the Plan and does not have discretionary authority to make claims payment decisions or interpret the meaning of the Plan terms.

Written proof that expenses eligible for Plan reimbursement and/or payment were Incurred, as well as proof of their eligibility for payment by the Plan, must be provided to the Plan Administrator via the Third Party Administrator. Although a provider of medical services and/or supplies may submit such claims directly to the Plan by virtue of an Assignment of Benefits, ultimate responsibility for supplying such written proof remains with the Claimant. The Plan Administrator may determine the time and fashion by which such proof must be submitted. No benefits shall be payable under the Plan if the Plan Administrator so determines that the claims are not eligible for Plan payment, or, if inadequate proof is provided by the Claimant or entities submitting claims to the Plan on the Claimant's behalf.

A call from a Provider who wants to know if an individual is covered under the Plan, or if a certain procedure is covered by the Plan, prior to providing treatment is not a "claim," since an actual claim for benefits is not being filed with the Plan. These are simply requests for information, and any response is not a guarantee of benefits, since payment of benefits is subject to all Plan provisions, limitations and Exclusions. Once treatment is rendered, a Clean Claim must be filed with the Plan (which will be a "Post-service Claim"). At that time, a determination will be made as to what benefits are payable under the Plan.

A Claimant has the right to request a review of an Adverse Benefit Determination. If the claim is denied at the end of the appeal process, as described below, the Plan's final decision is known as a Final Internal Adverse Benefit Determination. If the Claimant receives notice of a Final Internal Adverse Benefit Determination, or if the Plan does not follow the claims procedures properly, the Claimant then has the right to request an independent external review. The external review procedures are described below.

The claims procedures are intended to provide a full and fair review. This means, among other things, that claims and appeals will be decided in a manner designed to ensure the independence and impartiality of the persons involved in making these decisions.

Benefits will be payable to a Claimant, or to a Provider that has accepted an Assignment of Benefits as consideration in full for services rendered.

According to Federal regulations which apply to the Plan, there are four types of claims: Pre-service (Urgent and Non-urgent), Concurrent Care and Post-service.

1. **Pre-service Claims.** A "Pre-service Claim" occurs when issuance of payment by the Plan is dependent upon determination of payability prior to the receipt of the applicable medical care; however, if the Plan does not require the Claimant to obtain approval of a medical service prior to getting treatment, then there is no "Pre-service Claim."

Urgent care or Emergency medical services or admissions will not require notice to the Plan prior to the receipt of care. Furthermore, if in the opinion of a Physician with knowledge of the Claimant's medical condition, pre-determination of payability by the Plan prior to the receipt of medical care (a Pre-service Claim) would result in a delay adequate to jeopardize the life or health of the Claimant, hinder the Claimant's ability to regain maximum function (compared to treatment without delay), or subject the Claimant to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim, said claim may be deemed to be a "Pre-service Urgent Care Claim." In such circumstances, the Claimant is urged to obtain the applicable care without delay, and communicate with the Plan regarding their claim(s) as soon as reasonably possible.

If, due to Emergency or urgency as defined above, a Pre-service claim is not possible, the Claimant must comply with the Plan's requirements with respect to notice required after receipt of treatment, and must file the claim as a Post-service Claim, as herein described.

Pre-admission certification of a non-Emergency Hospital admission is a "claim" only to the extent of the determination made – that the type of procedure or condition warrants Inpatient confinement for a certain number of days. The rules regarding Pre-service Claims will apply to that determination only. Once a Claimant has the treatment in question, the claim for benefits relating to that treatment will be treated as a Post-service Claim.

2. **Concurrent Claims.** If a Claimant requires an on-going course of treatment over a period of time or via a number of treatments, the Plan may approve of a "Concurrent Claim." In such circumstances, the Claimant must notify the Plan of such necessary ongoing or routine medical care, and the Plan will assess the Concurrent Claim as well as determine whether the course of treatment should be reduced or terminated. The Claimant, in turn, may request an extension of the course of treatment beyond that which the Plan has approved. If the Plan does not require the Claimant to obtain approval of a medical service prior to getting treatment, then there is no need to contact the Plan Administrator to request an extension of a course of treatment, and the Claimant must simply comply with the Plan's requirements with respect to notice required after receipt of treatment, as herein described.
3. **Post-service Claims.** A "Post-service Claim" is a claim for benefits from the Plan after the medical services and/or supplies have already been provided.

WHEN CLAIMS MUST BE FILED

Post-service health claims (which must be Clean Claims) must be filed with the Third-Party Administrator within 180 days of the date charges for the service(s) and/or supplies were Incurred. Benefits are based upon the Plan's provisions at the time the charges were Incurred. Claims filed later than that date shall be denied.

A Pre-service Claim (including a Concurrent claim that also is a Pre-service claim) is considered to be filed when the request for approval of treatment or services is made and received by the Third-Party Administrator in accordance with the Plan's procedures.

A Post-service Claim is considered to be filed when the following information is received by the Third Party Administrator, together with the industry standard claim form:

1. The date of service.
2. The name, address, telephone number and tax identification number of the Provider of the services or supplies.
3. The place where the services were rendered.
4. The Diagnosis and procedure codes.
5. The amount of charges, which reflect any applicable PPO re-pricing, if any.
6. The name of the Plan.
7. The name of the covered Employee.
8. The name of the patient.

Upon receipt of this information, the claim will be deemed to be initiated with the Plan.

The Third-Party Administrator will determine if enough information has been submitted to enable proper consideration of the claim (a Clean Claim). If not, more information may be requested as provided herein. This additional information must be received by the Third-Party Administrator within 45 days (48 hours in the case of Pre-service urgent care claims) from receipt by the Claimant of the request for additional information. Failure to do so may result in claims being declined or reduced.

Timing of Claim Decisions

The Plan Administrator shall notify the Claimant, in accordance with the provisions set forth below, of any Adverse Benefit Determination (and, in the case of Pre-service claims and Concurrent claims, of decisions that a claim is payable in full) within the following timeframes:

1. Pre-Service Urgent Care Claims:

- a. If the Claimant has provided all of the necessary information, as soon as possible, taking into account the medical exigencies, but not later than 72 hours after receipt of the claim.
- b. If the Claimant has not provided all of the information needed to process the claim, then the Claimant will be notified as to what specific information is needed as soon as possible, but not later than 24 hours after receipt of the claim.
- c. The Claimant will be notified of a determination of benefits as soon as possible, but not later than 48 hours, taking into account the medical exigencies, after the earliest of:
 - i. The end of the period afforded the Claimant to provide the information.
 - ii. The Plan's receipt of the specified information.
- d. If there is an Adverse Benefit Determination, a request for an expedited appeal may be submitted orally or in writing by the Claimant. All necessary information, including the Plan's benefit determination on review, may be transmitted between the Plan and the Claimant by telephone, facsimile, or other similarly expeditious method. Alternatively, the Claimant may request an expedited review under the external review process.

2. Pre-Service Non-Urgent Care Claims:

- a. If the Claimant has provided all of the information needed to process the claim, in a reasonable period of time appropriate to the medical circumstances, but not later than 15 days after receipt of the claim, unless an extension has been requested, then prior to the end of the 15 day extension period.
- b. If the Claimant has not provided all of the information needed to process the claim, then the Claimant will be notified as to what specific information is needed as soon as possible. The Claimant will be notified of a determination of benefits in a reasonable period of time appropriate to the medical circumstances, either prior to the end of the extension period (if additional information was requested during the initial processing period), or by the date agreed to by the Plan Administrator and the Claimant (if additional information was requested during the extension period).

3. Concurrent Claims:

- a. Plan Notice of Reduction or Termination. If the Plan Administrator is notifying the Claimant of a reduction or termination of a course of treatment (other than by Plan amendment or termination), notification will occur before the end of such period of time or number of treatments. The Claimant will be notified sufficiently in advance of the reduction or termination to allow the Claimant to appeal and obtain a determination on review of that Adverse Benefit Determination before the benefit is reduced or terminated. This rule does not apply if benefits are reduced or eliminated due to plan amendment or termination. A similar process applies for claims based on a rescission of coverage for fraud or misrepresentation.
- b. Request by Claimant Involving Urgent Care. If the Plan Administrator receives a request from a Claimant to extend the course of treatment beyond the period of time or number of treatments involving urgent care, notification will occur as soon as possible, taking into account the medical

exigencies, but not later than 24 hours after receipt of the claim, as long as the Claimant makes the request at least 24 hours prior to the expiration of the prescribed period of time or number of treatments. If the Claimant submits the request with less than 24 hours prior to the expiration of the prescribed period of time or number of treatments, the request will be treated as a claim involving urgent care and decided within the urgent care timeframe.

- c. Request by Claimant Involving Non-urgent Care. If the Plan Administrator receives a request from the Claimant for a claim not involving urgent care, the request will be treated as a new benefit claim and decided within the timeframe appropriate to the type of claim (either as a Pre-service Non-urgent claim or a Post-service claim).
- d. Request by Claimant Involving Rescission. With respect to rescissions, the following timetable applies:
 - i. Notification to Claimant: 30 days
 - ii. Notification of Adverse Benefit Determination on appeal: 30 days

4. Post-Service Claims:

- a. If the Claimant has provided all of the information needed to process the claim, in a reasonable period of time, but not later than 30 days after receipt of the claim, unless an extension has been requested, then prior to the end of the 15 day extension period.
- b. If such an extension is necessary due to a failure of the Claimant to submit the information necessary to decide the claim, the notice of extension shall specifically describe the required information, and the Claimant shall be afforded at least 45 days from receipt of the notice within which to provide the specified information.
- c. If the Claimant has not provided all of the information needed to process the claim and additional information is requested during the initial processing period, then the Claimant will be notified of a determination of benefits prior to the end of the extension period, unless additional information is requested during the extension period, then the Claimant will be notified of the determination by a date agreed to by the Plan Administrator and the Claimant.

5. Extensions:

- a. Pre-service Urgent Care Claims. No extensions are available in connection with Pre-service urgent care claims.
 - b. Pre-service Non-urgent Care Claims. This period may be extended by the Plan for up to 15 days, provided that the Plan Administrator both determines that such an extension is necessary due to matters beyond the control of the Plan and notifies the Claimant, prior to the expiration of the initial 15 day processing period, of the circumstances requiring the extension of time and the date by which the plan expects to render a decision.
 - c. Post service Claims. This period may be extended by the Plan for up to 15 days, provided that the Plan Administrator both determines that such an extension is necessary due to matters beyond the control of the Plan and notifies the Claimant, prior to the expiration of the initial 30 day processing period, of the circumstances requiring the extension of time and the date by which the Plan expects to render a decision.
6. **Calculating Time Periods:** The period of time within which a benefit determination is required to be made shall begin at the time a claim is deemed to be filed in accordance with the procedures of the Plan.

Notification of an Adverse Benefit Determination

The Plan Administrator shall provide a Claimant with a notice, either in writing or electronically (or, in the case of pre-service urgent care claims, by telephone, facsimile or similar method, with written or electronic notice following within three days), containing the following information:

- 1. Information sufficient to allow the Claimant to identify the claim involved (including date of service, the health care Provider, the claim amount, if applicable, and a statement describing the availability, upon request, of the Diagnosis code and its corresponding meaning, and the treatment code and its corresponding meaning).
- 2. A reference to the specific portion(s) of the Plan Document upon which a denial is based.

3. Specific reason(s) for a denial, including the denial code and its corresponding meaning, and a description of the Plan's standard, if any, that was used in denying the claim.
4. A description of any additional information necessary for the Claimant to perfect the claim and an explanation of why such information is necessary.
5. A description of the Plan's review procedures and the time limits applicable to the procedures.
6. A statement that the Claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records and other information relevant to the Claimant's claim for benefits.
7. Upon request, the identity of any medical or vocational experts consulted in connection with a claim, even if the Plan did not rely upon their advice (or a statement that the identity of the expert will be provided, upon request).
8. Any rule, guideline, protocol or similar criterion that was relied upon in making the determination (or a statement that it was relied upon and that a copy will be provided to the Claimant, free of charge, upon request).
9. In the case of denials based upon a medical judgment (such as whether the treatment is Medically Necessary or Experimental), either an explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to the Claimant's medical circumstances, or a statement that such explanation will be provided to the Claimant, free of charge, upon request.
10. In a claim involving urgent care, a description of the Plan's expedited review process.

APPEAL OF ADVERSE BENEFIT DETERMINATIONS

Full and Fair Review of All Claims

In cases where a claim for benefits is denied, in whole or in part, and the Claimant believes the claim has been denied wrongly, the Claimant may appeal the denial and review pertinent documents. The claims procedures of this Plan provide a Claimant with a reasonable opportunity for a full and fair review of a claim and Adverse Benefit Determination. More specifically, the Plan provides:

1. A 180 day timeframe following receipt of a notification of an initial Adverse Benefit Determination within which to appeal the determination. The Plan will not accept appeals filed after a 180 day timeframe.
2. The opportunity to submit written comments, documents, records, and other information relating to the claim for benefits.
3. The opportunity to review the Claim file and to present evidence and testimony as part of the internal claims and appeals process.
4. A review that does not afford deference to the previous Adverse Benefit Determination and that is conducted by an appropriate named fiduciary of the Plan, who shall be neither the individual who made the Adverse Benefit Determination that is the subject of the appeal, nor the subordinate of such individual.
5. A review that takes into account all comments, documents, records, and other information submitted by the Claimant relating to the claim, without regard to whether such information was submitted or considered in the prior benefit determination.
6. That, in deciding an appeal of any Adverse Benefit Determination that is based in whole or in part upon a medical judgment, the Plan fiduciary shall consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment, who is neither an individual who was consulted in connection with the Adverse Benefit Determination that is the subject of the appeal, nor the subordinate of any such individual.
7. Upon request, the identity of medical or vocational experts whose advice was obtained on behalf of the Plan in connection with a claim, even if the Plan did not rely upon their advice.
8. That a Claimant will be provided, free of charge: (a) reasonable access to, and copies of, all documents, records, and other information relevant to the Claimant's claim in possession of the Plan Administrator or Third Party Administrator; (b) information regarding any voluntary appeals procedures offered by the Plan; (c) information regarding the Claimant's right to an external review process; (d) any internal rule, guideline, protocol or other similar criterion relied upon, considered or generated in making the adverse

determination; and (e) an explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to the Claimant's medical circumstances.

9. That a Claimant will be provided, free of charge, and sufficiently in advance of the date that the notice of Final Internal Adverse Benefit Determination is required, with new or additional evidence considered, relied upon, or generated by the Plan in connection with the Claim, as well as any new or additional rationale for a denial at the internal appeals stage, and a reasonable opportunity for the Claimant to respond to such new evidence or rationale.

Requirements for Appeal

Requirements for First Level Appeal

The Claimant must file the appeal in writing (although oral appeals are permitted for pre service urgent care claims) within 180 days following receipt of the notice of an Adverse Benefit Determination.

For Pre-service Claims. Oral appeals should be submitted in writing as soon as possible after it has been initiated. To file any appeal in writing, the Claimant's appeal must be addressed as follows:

Assured Benefits Administrators, Inc.

Fax: 214-269-8401
Website/Email: acarrasco@abadmin.com

For Post-service Claims. To file any appeal in writing, the Claimant's appeal must be addressed as follows:

Eagan, MN 55121
Phone: 800-247-7114
Fax: 214-269-8401
Website/Email: acarrasco@abadmin.com

It shall be the responsibility of the Claimant or authorized representative to submit an appeal under the provisions of the Plan. Any appeal must include:

1. The name of the Employee/Claimant.
2. The Employee/Claimant's social security number.
3. The group name or identification number.
4. All facts and theories supporting the claim for benefits.
5. A statement in clear and concise terms of the reason or reasons for disagreement with the handling of the claim.
6. Any material or information that the Claimant has which indicates that the Claimant is entitled to benefits under the Plan.

If the Claimant provides all of the required information, it may be that the expenses will be eligible for payment under the Plan.

Timing of Notification of Benefit Determination on Review

The Plan Administrator shall notify the Claimant of the Plan's benefit determination on review within the following timeframes:

1. **Pre-service Urgent Care Claims:** As soon as possible, taking into account the medical exigencies, but not later than 72 hours after receipt of the appeal.
2. **Pre-service Non-urgent Care Claims:** Within a reasonable period of time appropriate to the medical circumstances, but not later than 30 days after receipt of the appeal.
3. **Concurrent Claims:** The response will be made in the appropriate time period based upon the type of claim: Pre-service Urgent, Pre-service Non-urgent or Post-service.
4. **Post-service Claims:** Within a reasonable period of time, but not later 30 days per internal appeal.

Calculating Time Periods. The period of time within which the Plan's determination is required to be made shall begin at the time an appeal is filed in accordance with the procedures of this Plan, without regard to whether all information necessary to make the determination accompanies the filing.

Manner and Content of Notification of Adverse Benefit Determination on Review

The Plan Administrator shall provide a Claimant with notification, with respect to Pre-service urgent care claims, by telephone, facsimile or similar method, and with respect to all other types of claims, in writing or electronically, of a Plan's Adverse Benefit Determination on review, setting forth:

1. Information sufficient to allow the Claimant to identify the claim involved (including date of service, the health care Provider, the claim amount, if applicable, and a statement describing the availability, upon request, of the Diagnosis code and its corresponding meaning, and the treatment code and its corresponding meaning).
2. Specific reason(s) for a denial, including the denial code and its corresponding meaning, and a description of the Plan's standard, if any, that was used in denying the claim, and a discussion of the decision.
3. A reference to the specific portion(s) of the plan provisions on which the denial is based.
4. The identity of any medical or vocational experts consulted in connection with a claim, even if the Plan did not rely upon their advice (or a statement that the identity of the expert will be provided, upon request).
5. A statement that the Claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the Claimant's claim for benefits.
6. Any rule, guideline, protocol or similar criterion that was relied upon, considered, or generated in making the determination will be provided free of charge. If this is not practical, a statement will be included that such a rule, guideline, protocol or similar criterion was relied upon in making the determination and a copy will be provided to the Claimant, free of charge, upon request.
7. A description of any additional information necessary for the Claimant to perfect the claim and an explanation of why such information is necessary.
8. A description of available internal appeals and external review processes, including information regarding how to initiate an appeal.
9. A description of the Plan's review procedures and the time limits applicable to the procedures.
10. In the case of denials based upon a medical judgment (such as whether the treatment is Medically Necessary or Experimental), either an explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to the Claimant's medical circumstances, will be provided. If this is not practical, a statement will be included that such explanation will be provided to the Claimant, free of charge, upon request.
11. Information about the availability of, and contact information for, an applicable office of health insurance consumer assistance or ombudsman established under applicable federal law to assist Participants with the internal claims and appeals and external review processes.
12. The following statement: "You and your Plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact your local U.S. Department of Labor Office and your State insurance regulatory agency."

Furnishing Documents in the Event of an Adverse Determination

In the case of an Adverse Benefit Determination on review, the Plan Administrator shall provide such access to, and copies of, documents, records, and other information described in the provision relating to "Manner and Content of Notification of Adverse Benefit Determination on Review" as appropriate.

Decision on Review

The decision by the Plan Administrator or other appropriate named fiduciary of the Plan on review will be final, binding and conclusive and will be afforded the maximum deference permitted by law. All claim review procedures provided for in the Plan must be exhausted before any legal action is brought.

Two Levels of Appeal

Requirements for Second Level Appeal

The claimant must file an appeal regarding a Post-service claim and applicable Adverse Benefit Determination, in writing within 60 days following receipt of the notice of the first level Adverse Benefit Determination.

This Plan requires two levels of appeal by a Claimant before the Plan's internal appeals are exhausted. For each level of appeal, the Claimant and the Plan are subject to the same procedures, rights, and responsibilities as stated within this Plan. Each level of appeal is subject to the same submission and response guidelines.

Once a Claimant receives an Adverse Benefit Determination in response to an initial claim for benefits, the Claimant may appeal that Adverse Benefit Determination, which will constitute the initial appeal. If the Claimant receives an Adverse Benefit Determination in response to that initial appeal, the Claimant may appeal that Adverse Benefit Determination as well, which will constitute the final internal appeal. If the Claimant receives an Adverse Benefit Determination in response to the Claimant's second appeal, such Adverse Benefit Determination will constitute the Final Internal Adverse Benefit Determination, and the Plan's internal appeals procedures will have been exhausted.

Deemed Exhaustion of Internal Claims Procedures and De Minimis

Exception to the Deemed Exhaustion Rule. A Claimant will not be required to exhaust the internal claims and appeals procedures described above if the Plan fails to adhere to the claims procedures requirements. In such an instance, a Claimant may proceed immediately to the External Review Program or make a claim in court.

However, the internal claim and appeals procedures will not be deemed exhausted (meaning the Claimant must adhere to them before participating in the External Review Program or bringing a claim in court) in the event of a de minimis violation that does not cause, and is not likely to cause, prejudice or harm to the Claimant as long as the Plan Administrator demonstrates that the violation was for good cause or due to matters beyond the control of the Plan, the violation occurred in the context of an ongoing, good faith exchange of information between the Plan and the Claimant, and the violation is not reflective of a pattern or practice of non-compliance.

If a Claimant believes the Plan Administrator has engaged in a violation of the claims procedures and would like to pursue an immediate review, the Claimant may request that the Plan provide a written explanation of the violation, including a description of the Plan's basis for asserting that the violation should not result in a "deemed exhaustion" of the claims procedures. The Plan will respond to this request within ten days.

If the External Reviewer or a court rejects a request for immediate review because the Plan has met the requirements for the "de minimis" exception described above, the Plan will provide the Claimant with notice of an opportunity to resubmit and pursue an internal appeal of the claim.

APPOINTMENT OF AUTHORIZED REPRESENTATIVE

A Claimant may designate another individual to be an authorized representative and act on his or her behalf and communicate with the Plan with respect to a specific benefit claim or appeal of a denial. This authorization must

be in writing, signed and dated by the Claimant, and include all the information required in the authorized representative form. The appropriate form can be obtained from the Plan Administrator or the Third-Party Administrator.

The Plan will permit, in a medically urgent situation, such as a claim involving Urgent Care, a Claimant's treating health care practitioner to act as the Claimant's authorized representative without completion of the authorized representative form.

Should a Claimant designate an authorized representative, all future communications from the Plan will be conducted with the authorized representative instead of the Claimant, unless the Plan Administrator is otherwise notified in writing by the Claimant. A Claimant can revoke the authorized representative at any time. A Claimant may authorize only one person as an authorized representative at a time.

Recognition as an authorized representative is completely separate from a Provider accepting an Assignment of Benefits, requiring a release of information, or requesting completion a similar form. An Assignment of Benefits by a Claimant shall not be recognized as a designation of the Provider as an authorized representative. Assignment and its limitations under this Plan are described below.

AUTOPSY

Upon receipt of a claim for a deceased Claimant for any condition, Sickness, or Injury is the basis of such claim, the Plan maintains the right to request an autopsy be performed upon said Claimant. The request for an autopsy may be exercised only where not prohibited by any applicable law.

PAYMENT OF BENEFITS

Where benefit payments are allowable in accordance with the terms of this Plan, payment shall be made in U.S. Dollars (unless otherwise agreed upon by the Plan Administrator). Payment shall be made, in the Plan Administrator's discretion, to an assignee of an Assignment of Benefits, but in any instance, may alternatively be made to the Claimant, on whose behalf payment is made and who is the recipient of the services for which payment is being made. Should the Claimant be deceased, payment shall be made to the Claimant's heir, assign, agent or estate (in accordance with written instructions), or, if there is no such arrangement and in the Plan Administrator's discretion, the Institute and/or Provider who provided the care and/or supplies for which payment is to be made – regardless of whether an Assignment of Benefits occurred.

Assignments

Assignment by a Claimant to the Provider of the Claimant's right to submit claims for payment to the Plan, and receive payment from the Plan, may be achieved via an Assignment of Benefits, if and only if the Provider accepts said Assignment of Benefits as consideration in full for services rendered. If benefits are paid, however, directly to the Claimant – despite there being an Assignment of Benefits – the Plan shall be deemed to have fulfilled its obligations with respect to such payment, and it shall be the Claimant's responsibility to compensate the applicable Provider(s). The Plan will not be responsible for determining whether an Assignment of Benefits is valid; and the Claimant shall retain final authority to revoke such Assignment of Benefits if a Provider subsequently demonstrates an intent not to accept it as payment in full for services rendered. As such, payment of benefits will be made directly to the assignee unless a written request not to honor the assignment, signed by the Claimant, has been received.

No Claimant shall at any time, either during which he or she is a Claimant in the Plan, or following his or her termination as a Claimant, in any manner, have any right to assign his or her right to sue to recover benefits under the Plan, to enforce rights due under the Plan or to any other causes of action which he or she may have against the Plan or its fiduciaries. This prohibition applies to Providers as well.

A Provider which accepts an Assignment of Benefits, in accordance with this Plan as consideration in full for services rendered, is bound by the rules and provisions set forth within the terms of this document.

Benefits due to any Network Provider will be considered "assigned" to such Provider and will be paid directly to such Provider, whether or not a written Assignment of Benefits was executed. Notwithstanding any assignment or non-Assignment of Benefits to the contrary, upon payment of the benefits due under the Plan, the Plan is deemed to have fulfilled its obligations with respect to such benefits, whether or not payment is made in accordance with any assignment or request.

Providers and any other person or entity accepting payment from the Plan or to whom a right to benefits has been assigned, in consideration of services rendered, agrees to be bound by the terms of this Plan and agrees to submit claims for reimbursement in strict accordance with applicable law, ICD, and/or CPT standards, Medicare guidelines, HCPCS standards, or other standards approved by the Plan Administrator or insurer.

Non U.S. Providers

A Provider of medical care, supplies, or services, whose primary facility, principal place of business or address for payment is located outside the United States shall be deemed to be a "Non U.S. Provider." Claims for medical care, supplies, or services provided by a Non U.S. Provider and/or that are rendered outside the United States of America, may be deemed to be payable under the Plan by the Plan Administrator, subject to all Plan Exclusions, limitations, maximums and other provisions. Assignment of Benefits to a Non U.S. Provider is prohibited absent an explicit written waiver executed by the Plan Administrator. If Assignment of Benefits is not authorized, the Claimant is responsible for making all payments to Non U.S. Providers, and is solely responsible for subsequent submission of proof of payment to the Plan. Only upon receipt of such proof of payment, and any other documentation needed by the Plan Administrator to process the claims in accordance with the terms of the Plan, shall reimbursement by the Plan to the Claimant be made. If payment was made by the Claimant in U.S. currency (American dollars), the maximum reimbursable amount by the Plan to the Claimant shall be that amount. If payment was made by the Claimant using any currency other than U.S. currency (American dollars), the Plan shall utilize an exchange rate in effect on the Incurred date as established by a recognized and licensed entity authorized to so establish said exchange rates. The Non U.S. Provider shall be subject to, and shall act in compliance with, all U.S. and other applicable licensing requirements; and claims for benefits must be submitted to the Plan in English.

Recovery of Payments

Occasionally, benefits are paid more than once, are paid based upon improper billing or a misstatement in a proof of loss or enrollment information, are not paid according to the Plan's terms, conditions, limitations or Exclusions, or should otherwise not have been paid by the Plan. As such this Plan may pay benefits that are later found to be greater than the Maximum Allowable Charge. In this case, this Plan may recover the amount of the overpayment from the source to which it was paid, primary payers, or from the party on whose behalf the charge(s) were paid. As such, whenever the Plan pays benefits exceeding the amount of benefits payable under the terms of the Plan, the Plan Administrator has the right to recover any such erroneous payment directly from the person or entity who received such payment and/or from other payers and/or the Claimant or Dependent on whose behalf such payment was made.

A Claimant, Dependent, Provider, another benefit plan, insurer, or any other person or entity who receives a payment exceeding the amount of benefits payable under the terms of the Plan or on whose behalf such payment was made, shall return or refund the amount of such erroneous payment to the Plan within 30 days of discovery or demand. The Plan Administrator shall have no obligation to secure payment for the expense for which the erroneous payment was made or to which it was applied.

The person or entity receiving an erroneous payment may not apply such payment to another expense. The Plan Administrator shall have the sole discretion to choose who will repay the Plan for an erroneous payment and whether such payment shall be reimbursed in a lump sum. When a Claimant or other entity does not comply with the provisions of this section, the Plan Administrator shall have the authority, in its sole discretion, to deny payment of any claims for benefits by the Claimant and to deny or reduce future benefits payable (including payment of future benefits for other injuries or illnesses) under the Plan by the amount due as reimbursement to the Plan. The Plan Administrator may also, in its sole discretion, deny or reduce future benefits (including future benefits for other

injuries or illnesses) under any other group benefits plan maintained by the Plan Sponsor. The reductions will equal the amount of the required reimbursement.

Providers and any other person or entity accepting payment from the Plan or to whom a right to benefits has been assigned, in consideration of services rendered, payments and/or rights, agrees to be bound by the terms of this Plan and agree to submit claims for reimbursement in strict accordance with their State's health care practice acts, ICD or CPT standards, Medicare guidelines, HCPCS standards, or other standards approved by the Plan Administrator or insurer. Any payments made on claims for reimbursement not in accordance with the above provisions shall be repaid to the Plan within 30 days of discovery or demand or incur prejudgment interest of 1.5% per month. If the Plan must bring an action against a Claimant, Provider or other person or entity to enforce the provisions of this section, then that Claimant, Provider or other person or entity agrees to pay the Plan's attorneys' fees and costs, regardless of the action's outcome.

Further, Claimant and/or their Dependents, beneficiaries, estate, heirs, guardian, personal representative, or assigns (Claimants) shall assign or be deemed to have assigned to the Plan their right to recover said payments made by the Plan, from any other party and/or recovery for which the Claimant(s) are entitled, for or in relation to facility-acquired condition(s), Provider error(s), or damages arising from another party's act or omission for which the Plan has not already been refunded.

The Plan reserves the right to deduct from any benefits properly payable under this Plan the amount of any payment which has been made for any of the following circumstances:

1. In error.
2. Pursuant to a misstatement contained in a proof of loss or a fraudulent act.
3. Pursuant to a misstatement made to obtain coverage under this Plan within two years after the date such coverage commences.
4. With respect to an ineligible person.
5. In anticipation of obtaining a recovery if a Claimant fails to comply with the Plan's Third Party Recovery, Subrogation and Reimbursement provisions.
6. Pursuant to a claim for which benefits are recoverable under any policy or act of law providing for coverage for occupational injury or disease to the extent that such benefits are recovered. This provision (6) shall not be deemed to require the Plan to pay benefits under this Plan in any such instance.

The deduction may be made against any claim for benefits under this Plan by a Claimant or by any of his covered Dependents if such payment is made with respect to the Claimant or any person covered or asserting coverage as a Dependent of the Claimant.

If the Plan seeks to recoup funds from a Provider, due to a claim being made in error, a claim being fraudulent on the part of the Provider, and/or the claim that is the result of the Provider's misstatement, said Provider shall, as part of its assignment to benefits from the Plan, abstain from billing the Claimant for any outstanding amount(s).

Medicaid Coverage

A Claimant's eligibility for any State Medicaid benefits will not be taken into account in determining or making any payments for benefits to or on behalf of such Claimant. Any such benefit payments will be subject to the State's right to reimbursement for benefits it has paid on behalf of the Claimant, as required by the State Medicaid program; and the Plan will honor any Subrogation rights the State may have with respect to benefits which are payable under the Plan.

Limitation of Action

A Claimant cannot bring any legal action against the Plan to recover reimbursement until 90 days after the Claimant has properly submitted a request for reimbursement as described in this section and all required reviews of the Claimant's claim have been completed. If the Claimant wants to bring a legal action against the Plan, he

or she must do so within three years from the expiration of the time period in which a request for reimbursement must be submitted or he or she loses any rights to bring such an action against the Plan.

A Claimant cannot bring any legal action against the Plan for any other reason unless he or she first completes all the steps in the appeal process described in this section. After completing that process, if he or she wants to bring a legal action against the Plan he or she must do so within three years of the date he or she is notified of the final decision on the appeal or he or she will lose any rights to bring such an action against the Plan.

CLAIM AUDIT REVIEW PROGRAM

If a Participant audits any Physician, Hospital, or laboratory bill and discovers an error which results in savings to the Plan, the Participant shall share equally in the savings, not to exceed a maximum payment of \$500. Errors already detected and corrected by the Third-Party Administrators are not included.

COORDINATION OF BENEFITS

BENEFITS SUBJECT TO THIS PROVISION

The following only applies to the medical benefits of the Plan.

EXCESS INSURANCE

If at the time of Injury, Sickness, Disease or disability there is available, or potentially available any other source of coverage (including but not limited to coverage resulting from a judgment at law or settlements), the benefits under this Plan shall apply only as an excess over such other sources of coverage.

The Plan's benefits will be excess to, whenever possible, any of the following:

1. Any primary payer besides the Plan.
2. Any first party insurance through medical payment coverage, personal injury protection, no-fault coverage, uninsured or underinsured motorist coverage.
3. Any policy of insurance from any insurance company or guarantor of a third party.
4. Workers' compensation or other liability insurance company.
5. Any other source, including but not limited to crime victim restitution funds, any medical, disability or other benefit payments, and school insurance coverage.

VEHICLE LIMITATION

When medical payments are available under any vehicle insurance, the Plan shall pay excess benefits only, without reimbursement for vehicle plan and/or policy deductibles. This Plan shall always be considered secondary to such plans and/or policies. This applies to all forms of medical payments under vehicle plans and/or policies regardless of its name, title or classification.

EFFECT ON BENEFITS

Application to Benefit Determinations

The plan that pays first according to the rules in the provision entitled "Order of Benefit Determination" will pay as if there were no Other Plan involved. The secondary and subsequent plans will pay the balance due up to 100% of the total Allowable Expenses. When there is a conflict in the rules, this Plan will never pay more than 50% of Allowable Expenses when paying secondary. Benefits will be coordinated on the basis of a Claim Determination Period.

When medical payments are available under automobile insurance, this Plan will pay excess benefits only, without reimbursement for automobile plan deductibles. This Plan will always be considered the secondary carrier regardless of the individual's election under personal injury protection (PIP) coverage with the automobile insurance carrier.

In certain instances, the benefits of the Other Plan will be ignored for the purposes of determining the benefits under this Plan. This is the case when all of the following occur:

1. The Other Plan would, according to its rules, determine its benefits after the benefits of this Plan have been determined.
2. The rules in the provision entitled "Order of Benefit Determination" would require this Plan to determine its benefits before the Other Plan.

Order of Benefit Determination

For the purposes of the provision entitled "Application to Benefit Determinations," the rules establishing the order of benefit determination are:

1. A plan without a coordinating provision will always be the primary plan.

2. The benefits of a plan which covers the person on whose expenses claim is based, other than as a dependent, shall be determined before the benefits of a plan which covers such person as a Dependent.
3. If the person for whom claim is made is a dependent child covered under both parents' plans, the plan covering the parent whose birthday (month and day of birth, not year) falls earlier in the year will be primary, except:
 - a. When the parents were never married, are separated, or are divorced, the benefits of a plan which covers the child as a dependent of the parent with custody will be determined before the benefits of a plan which covers the child as a dependent of the parent without custody.
 - b. When the parents are divorced and the parent with custody of the child has remarried, the benefits of a plan which covers the child as a dependent of the parent with custody shall be determined before the benefits of a plan which covers that child as a dependent of the stepparent, and the benefits of a plan which covers that child as a dependent of the stepparent will be determined before the benefits of a plan which covers that child as a dependent of the parent without custody.

Notwithstanding the above, if there is a court decree which would otherwise establish financial responsibility for the child's health care expenses, the benefits of the plan which covers the child as a dependent of the parent with such financial responsibility shall be determined before the benefits of any Other Plan which covers the child as a dependent child.

1. When the rules above do not establish an order of benefit determination, the benefits of a plan which has covered the person on whose expenses claim is based for the longer period of time shall be determined before the benefits of a plan which has covered such person the shorter period of time.
2. To the extent required by Federal and State regulations, this Plan will pay before any Medicare, Tricare, Medicaid, State child health benefits or other applicable State health benefits program.

RIGHT TO RECEIVE AND RELEASE NECESSARY INFORMATION

The Plan Administrator may, without notice to or consent of any person, release to or obtain any information from any insurance company or other organization or individual any information regarding coverage, expenses, and benefits which the Plan Administrator, at its sole discretion, considers necessary to determine, implement and apply the terms of this provision or any provision of similar purpose of any Other Plan. Any Participant claiming benefits under this Plan shall furnish to the Plan Administrator such information as requested and as may be necessary to implement this provision.

FACILITY OF PAYMENT

A payment made under any Other Plan may include an amount that should have been paid under this Plan. The Plan Administrator may, in its sole discretion, pay any organizations making such other payments any amounts it shall determine to be warranted in order to satisfy the intent of this provision. Any such amount paid under this provision shall be deemed to be benefits paid under this Plan. The Plan Administrator will not have to pay such amount again and this Plan shall be fully discharged from liability.

RIGHT OF RECOVERY

In accordance with the Recovery of Payments provision, whenever payments have been made by this Plan with respect to Allowable Expenses in a total amount, at any time, in excess of the Maximum Amount of payment necessary at that time to satisfy the intent of this Coordination of Benefits section, the Plan shall have the right to recover such payments, to the extent of such excess, from any one or more of the following as this Plan shall determine: any person to or with respect to whom such payments were made, or such person's legal representative, any insurance companies, or any other individuals or organizations which the Plan determines are responsible for payment of such Allowable Expenses, and any future benefits payable to the Participant or his or her Dependents. Please see the Recovery of Payments provision above for more details.

MEDICARE

APPLICABLE TO ACTIVE EMPLOYEES AND THEIR SPOUSES AGES 65 AND OVER

An active Employee and his or her spouse (ages 65 and over) may, at the option of such Employee, elect or reject coverage under this Plan. If such Employee elects coverage under this Plan, the benefits of this Plan shall be determined before any benefits provided by Medicare. If coverage under this Plan is rejected by such Employee, benefits listed herein will not be payable even as secondary coverage to Medicare.

APPLICABLE TO ALL OTHER PARTICIPANTS ELIGIBLE FOR MEDICARE BENEFITS

To the extent required by Federal regulations, this Plan will pay before any Medicare benefits. There are some circumstances under which Medicare would be required to pay its benefits first. In these cases, benefits under this Plan would be calculated as secondary payor (as described under the section entitled "Coordination of Benefits"). If the Provider accepts assignment with Medicare, Covered Expenses will not exceed the Medicare approved expenses.

APPLICABLE TO MEDICARE SERVICES FURNISHED TO END STAGE RENAL DISEASE ("ESRD") PARTICIPANTS WHO ARE COVERED UNDER THIS PLAN

If any Participant is eligible for Medicare benefits because of ESRD, the benefits of the Plan will be determined before Medicare benefits for the first 18 months of Medicare entitlement (with respect to charges Incurred on or after February 1, 1991 and before August 5, 1997), and for the first 30 months of Medicare entitlement (with respect to charges Incurred on or after August 5, 1997), unless applicable Federal law provides to the contrary, in which event the benefits of the Plan will be determined in accordance with such law.

THIRD PARTY RECOVERY, SUBROGATION AND REIMBURSEMENT

PAYMENT CONDITION

The Plan, in its sole discretion, may elect to conditionally advance payment of benefits in those situations where an Injury, Sickness, Disease or disability is caused in whole or in part by, or results from the acts or omissions of Participants, and/or their Dependents, beneficiaries, estate, heirs, guardian, personal representative, or assigns (collectively referred to hereinafter in this section as "Participant(s)") or a third party, where any party besides the Plan may be responsible for expenses arising from an incident, and/or other funds are available, including but not limited to no-fault, uninsured motorist, underinsured motorist, medical payment provisions, third party assets, third party insurance, and/or guarantor(s) of a third party (collectively "Coverage").

Participant(s), his or her attorney, and/or legal guardian of a minor or incapacitated individual agrees that acceptance of the Plan's conditional payment of medical benefits is constructive notice of these provisions in their entirety and agrees to maintain 100% of the Plan's conditional payment of benefits or the full extent of payment from any one or combination of first and third party sources in trust, without disruption except for reimbursement to the Plan or the Plan's assignee. The Plan shall have an equitable lien on any funds received by the Participant(s) and/or their attorney from any source and said funds shall be held in trust until such time as the obligations under this provision are fully satisfied. The Participant(s) agrees to include the Plan's name as a co-payee on any and all settlement drafts. Further, by accepting benefits the Participant(s) understands that any recovery obtained pursuant to this section is an asset of the Plan to the extent of the amount of benefits paid by the Plan and that the Participant shall be a trustee over those Plan assets.

In the event a Participant(s) settles, recovers, or is reimbursed by any Coverage, the Participant(s) agrees to reimburse the Plan for all benefits paid or that will be paid by the Plan on behalf of the Participant(s). If the Participant(s) fails to reimburse the Plan out of any judgment or settlement received, the Participant(s) will be responsible for any and all expenses (fees and costs) associated with the Plan's attempt to recover such money.

If there is more than one party responsible for charges paid by the Plan, or may be responsible for charges paid by the Plan, the Plan will not be required to select a particular party from whom reimbursement is due. Furthermore, unallocated settlement funds meant to compensate multiple injured parties of which the Participant(s) is/are only one or a few, that unallocated settlement fund is considered designated as an "identifiable" fund from which the plan may seek reimbursement.

SUBROGATION

As a condition to participating in and receiving benefits under this Plan, the Participant(s) agrees to assign to the Plan the right to subrogate and pursue any and all claims, causes of action or rights that may arise against any person, corporation and/or entity and to any Coverage to which the Participant(s) is entitled, regardless of how classified or characterized, at the Plan's discretion, if the Participant(s) fails to so pursue said rights and/or action.

If a Participant(s) receives or becomes entitled to receive benefits, an automatic equitable lien attaches in favor of the Plan to any claim, which any Participant(s) may have against any Coverage and/or party causing the Sickness or Injury to the extent of such conditional payment by the Plan plus reasonable costs of collection. The Participant is obligated to notify the Plan or its authorized representative of any settlement prior to finalization of the settlement, execution of a release, or receipt of applicable funds. The Participant is also obligated to hold any and all funds so received in trust on the Plan's behalf and function as a trustee as it applies to those funds until the Plan's rights described herein are honored and the Plan is reimbursed.

The Plan may, at its discretion, in its own name or in the name of the Participant(s) commence a proceeding or pursue a claim against any party or Coverage for the recovery of all damages to the full extent of the value of any such benefits or conditional payments advanced by the Plan.

If the Participant(s) fails to file a claim or pursue damages against:

1. The responsible party, its insurer, or any other source on behalf of that party.
2. Any first party insurance through medical payment coverage, personal injury protection, no-fault coverage, uninsured or underinsured motorist coverage.
3. Any policy of insurance from any insurance company or guarantor of a third party.
4. Workers' compensation or other liability insurance company.
5. Any other source, including but not limited to crime victim restitution funds, any medical, disability or other benefit payments, and school insurance coverage.

the Participant(s) authorizes the Plan to pursue, sue, compromise and/or settle any such claims in the Participant's/Participants' and/or the Plan's name and agrees to fully cooperate with the Plan in the prosecution of any such claims. The Participant(s) assigns all rights to the Plan or its assignee to pursue a claim and the recovery of all expenses from any and all sources listed above.

RIGHT OF REIMBURSEMENT

The Plan shall be entitled to recover 100% of the benefits paid, without deduction for attorneys' fees and costs or application of the common fund doctrine, make whole doctrine, or any other similar legal theory, without regard to whether the Participant(s) is fully compensated by his or her recovery from all sources. The Plan shall have an equitable lien which supersedes all common law or statutory rules, doctrines, and laws of any State prohibiting assignment of rights which interferes with or compromises in any way the Plan's equitable lien and right to reimbursement. The obligation to reimburse the Plan in full exists regardless of how the judgment or settlement is classified and whether or not the judgment or settlement specifically designates the recovery or a portion of it as including medical, disability, or other expenses. If the Participant's/Participants' recovery is less than the benefits paid, then the Plan is entitled to be paid all of the recovery achieved. Any funds received by the Participant are deemed held in constructive trust and should not be dissipated or disbursed until such time as the Participant's obligation to reimburse the Plan has been satisfied in accordance with these provisions. The Participant is also obligated to hold any and all funds so received in trust on the Plan's behalf and function as a trustee as it applies to those funds until the Plan's rights described herein are honored and the Plan is reimbursed.

No court costs, experts' fees, attorneys' fees, filing fees, or other costs or expenses of litigation may be deducted from the Plan's recovery without the prior, express written consent of the Plan.

The Plan's right of subrogation and reimbursement will not be reduced or affected as a result of any fault or claim on the part of the Participant(s), whether under the doctrines of causation, comparative fault or contributory negligence, or other similar doctrine in law. Accordingly, any lien reduction statutes, which attempt to apply such laws and reduce a subrogating Plan's recovery will not be applicable to the Plan and will not reduce the Plan's reimbursement rights.

These rights of subrogation and reimbursement shall apply without regard to whether any separate written acknowledgment of these rights is required by the Plan and signed by the Participant(s).

This provision shall not limit any other remedies of the Plan provided by law. These rights of subrogation and reimbursement shall apply without regard to the location of the event that led to or caused the applicable Sickness, Injury, Disease or disability.

PARTICIPANT IS A TRUSTEE OVER PLAN ASSETS

Any Participant who receives benefits and is therefore subject to the terms of this section is hereby deemed a recipient and holder of Plan assets and is therefore deemed a trustee of the Plan solely as it relates to possession of any funds which may be owed to the Plan as a result of any settlement, judgment or recovery through any other means arising from any injury or accident. By virtue of this status, the Participant understands that he or she is required to:

1. Notify the Plan or its authorized representative of any settlement prior to finalization of the settlement, execution of a release, or receipt of applicable funds.

2. Instruct his or her attorney to ensure that the Plan and/or its authorized representative is included as a payee on all settlement drafts.
3. In circumstances where the Participant is not represented by an attorney, instruct the insurance company or any third party from whom the Participant obtains a settlement, judgment or other source of Coverage to include the Plan or its authorized representative as a payee on the settlement draft.
4. Hold any and all funds so received in trust, on the Plan's behalf, and function as a trustee as it applies to those funds, until the Plan's rights described herein are honored and the Plan is reimbursed.

To the extent the Participant disputes this obligation to the Plan under this section, the Participant or any of its agents or representatives is also required to hold any/all settlement funds, including the entire settlement if the settlement is less than the Plan's interests, and without reduction in consideration of attorney's fees, for which he or she exercises control, in an account segregated from their general accounts or general assets until such time as the dispute is resolved.

No Participant, beneficiary, or the agents or representatives thereof, exercising control over plan assets and incurring trustee responsibility in accordance with this section will have any authority to accept any reduction of the Plan's interest on the Plan's behalf.

EXCESS INSURANCE

If at the time of Injury, Sickness, Disease or disability there is available, or potentially available any Coverage (including but not limited to Coverage resulting from a judgment at law or settlements), the benefits under this Plan shall apply only as an excess over such other sources of Coverage, except as otherwise provided for under the Plan's Coordination of Benefits section.

The Plan's benefits shall be excess to any of the following:

1. The responsible party, its insurer, or any other source on behalf of that party.
2. Any first party insurance through medical payment coverage, personal injury protection, no-fault coverage, uninsured or underinsured motorist coverage.
3. Any policy of insurance from any insurance company or guarantor of a third party.
4. Workers' compensation or other liability insurance company.
5. Any other source, including but not limited to crime victim restitution funds, any medical, disability or other benefit payments, and school insurance coverage.

SEPARATION OF FUNDS

Benefits paid by the Plan, funds recovered by the Participant(s), and funds held in trust over which the Plan has an equitable lien exist separately from the property and estate of the Participant(s), such that the death of the Participant(s), or filing of bankruptcy by the Participant(s), will not affect the Plan's equitable lien, the funds over which the Plan has a lien, or the Plan's right to subrogation and reimbursement.

WRONGFUL DEATH

In the event that the Participant(s) dies as a result of his or her Injuries and a wrongful death or survivor claim is asserted against a third party or any Coverage, the Plan's subrogation and reimbursement rights shall still apply, and the entity pursuing said claim shall honor and enforce these Plan rights and terms by which benefits are paid on behalf of the Participant(s) and all others that benefit from such payment.

OBLIGATIONS

It is the Participant's/Participants' obligation at all times, both prior to and after payment of medical benefits by the Plan:

1. To cooperate with the Plan, or any representatives of the Plan, in protecting its rights, including discovery, attending depositions, and/or cooperating in trial to preserve the Plan's rights.

2. To provide the Plan with pertinent information regarding the Sickness, Disease, disability, or Injury, including accident reports, settlement information and any other requested additional information.
3. To take such action and execute such documents as the Plan may require to facilitate enforcement of its subrogation and reimbursement rights.
4. To do nothing to prejudice the Plan's rights of subrogation and reimbursement.
5. To promptly reimburse the Plan when a recovery through settlement, judgment, award or other payment is received.
6. To notify the Plan or its authorized representative of any settlement prior to finalization of the settlement.
7. To not settle or release, without the prior consent of the Plan, any claim to the extent that the Participant may have against any responsible party or Coverage.
8. To instruct his/her attorney to ensure that the Plan and/or its authorized representative is included as a payee on any settlement draft.
9. In circumstances where the Participant is not represented by an attorney, instruct the insurance company or any third party from whom the Participant obtains a settlement to include the Plan or its authorized representative as a payee on the settlement draft.
10. To make good faith efforts to prevent disbursement of settlement funds until such time as any dispute between the Plan and Participant over settlement funds is resolved.

If the Participant(s) and/or his or her attorney fails to reimburse the Plan for all benefits paid or to be paid, as a result of said Injury or condition, out of any proceeds, judgment or settlement received, the Participant(s) will be responsible for any and all expenses (whether fees or costs) associated with the Plan's attempt to recover such money from the Participant(s).

The Plan's rights to reimbursement and/or subrogation are in no way dependent upon the Participant's/Participants' cooperation or adherence to these terms.

OFFSET

If timely repayment is not made, or the Participant and/or his or her attorney fails to comply with any of the requirements of the Plan, the Plan has the right, in addition to any other lawful means of recovery, to deduct the value of the Participant's amount owed to the Plan. To do this, the Plan may refuse payment of any future medical benefits and any funds or payments due under this Plan on behalf of the Participant(s) in an amount equivalent to any outstanding amounts owed by the Participant to the Plan. This provision applies even if the Participant has disbursed settlement funds.

MINOR STATUS

In the event the Participant(s) is a minor as that term is defined by applicable law, the minor's parents or court-appointed guardian shall cooperate in any and all actions by the Plan to seek and obtain requisite court approval to bind the minor and his or her estate insofar as these subrogation and reimbursement provisions are concerned.

If the minor's parents or court-appointed guardian fail to take such action, the Plan shall have no obligation to advance payment of medical benefits on behalf of the minor. Any court costs or legal fees associated with obtaining such approval shall be paid by the minor's parents or court-appointed guardian.

LANGUAGE INTERPRETATION

The Plan Administrator retains sole, full and final discretionary authority to construe and interpret the language of this provision, to determine all questions of fact and law arising under this provision, and to administer the Plan's subrogation and reimbursement rights with respect to this provision. The Plan Administrator may amend the Plan at any time without notice.

SEVERABILITY

In the event that any section of this provision is considered invalid or illegal for any reason, said invalidity or illegality shall not affect the remaining sections of this provision and Plan. The section shall be fully severable. The Plan shall be construed and enforced as if such invalid or illegal sections had never been inserted in the Plan.

MISCELLANEOUS PROVISIONS

CLERICAL ERROR/DELAY

Any clerical error by the Plan Administrator or an agent of the Plan Administrator in keeping pertinent records or a delay in making any changes to such records will not invalidate coverage otherwise validly in force or continue coverage validly terminated. Contributions made in error by Participants due to such clerical error will be returned to the Participant; coverage will not be inappropriately extended. Contributions that were due but not made, in error and due to such clerical error will be owed immediately upon identification of said clerical error. Failure to so remedy amounts owed may result in termination of coverage. Effective Dates, waiting periods, deadlines, rules, and other matters will be established based upon the terms of the Plan, as if no clerical error had occurred. An equitable adjustment of contributions will be made when the error or delay is discovered.

If, an overpayment occurs in a Plan reimbursement amount, the Plan retains a contractual right to the overpayment. The person or institution receiving the overpayment will be required to return the incorrect amount of money. In the case of a Plan Participant, the amount of overpayment may be deducted from future benefits payable.

CONFORMITY WITH APPLICABLE LAWS

Any provision of this Plan that is contrary to any applicable law, regulation or court order (if such a court is of competent jurisdiction) will be interpreted to comply with said law, or, if it cannot be so interpreted, shall be automatically amended to satisfy the law's minimum requirement, including, but not limited to, stated maximums, Exclusions or limitations. It is intended that the Plan will conform to the requirements of any applicable law.

FRAUD

Under this Plan, coverage may be retroactively canceled or terminated (rescinded) if a Participant acts fraudulently or intentionally makes material misrepresentations of fact. It is a Participant's responsibility to provide accurate information and to make accurate and truthful statements, including information and statements regarding family status, age, relationships, etc. It is also a Participant's responsibility to update previously provided information and statements. Failure to do so may result in coverage of Participants being canceled, and such cancellation may be retroactive. If a Participant, or any other entity, submits or attempts to submit a claim for or on behalf of a person who is not a Participant of the Plan; submits a claim for services or supplies not rendered; provides false or misleading information in connection with enrollment in the Plan; or provides any false or misleading information to the Plan as it relates to any element of its administration; that shall be deemed to be fraud. If a Participant is aware of any instance of fraud, and fails to bring that fraud to the Plan Administrator's attention, that shall also be deemed to be fraud. Fraud will result in immediate termination of all coverage under this Plan for the Participant and their entire Family Unit of which the Participant is a member.

A determination by the Plan that a rescission is warranted will be considered an Adverse Benefit Determination for purposes of review and appeal. A Participant whose coverage is being rescinded will be provided a 30 day notice period as described under the Affordable Care Act (ACA) and regulatory guidance. Claims Incurred after the retroactive date of termination shall not be further processed and/or paid under the Plan. Claims Incurred after the retroactive date of termination that were paid under the Plan will be treated as erroneously paid claims under this Plan.

HEADINGS

The headings used in this Plan Document are used for convenience of reference only. Participants are advised not to rely on any provision because of the heading.

WORD USAGE

Wherever any words are used herein in the singular or plural, they shall be construed as though they were in the plural or singular, as the case may be, in all cases where they would so apply.

NO WAIVER OR ESTOPPEL

All parts, portions, provisions, conditions, and/or other items addressed by this Plan shall be deemed to be in full force and effect, and not waived, absent an explicit written instrument expressing otherwise; executed by the Plan Administrator. Absent such explicit waiver, there shall be no estoppel against the enforcement of any provision of this Plan. Failure by any applicable entity to enforce any part of the Plan shall not constitute a waiver, either as it specifically applies to a particular circumstance, or as it applies to the Plan's general administration. If an explicit written waiver is executed, that waiver shall only apply to the matter addressed therein, and shall be interpreted in the most narrow fashion possible.

PLAN CONTRIBUTIONS

The Plan Administrator shall, from time to time, evaluate the funding method of the Plan and determine the amount to be contributed by the Participating Employer and the amount to be contributed (if any) by each Participant. The Plan Sponsor shall fund the Plan in a manner consistent with the provisions of the Internal Revenue Code and such other laws and regulations as shall be applicable to the end that the Plan shall be funded on a lawful and sound basis. The manner and means by which the Plan is funded shall be solely determined by the Plan Sponsor, to the extent allowed by applicable law.

Notwithstanding any other provision of the Plan, the Plan Administrator's obligation to pay claims otherwise allowable under the terms of the Plan shall be limited to its obligation to make contributions to the Plan as set forth in the preceding paragraph. Payment of said claims in accordance with these procedures shall discharge completely the Company's obligation with respect to such payments. In the event that the Company terminates the Plan, then as of the effective date of termination, the Employer and eligible Employees shall have no further obligation to make additional contributions to the Plan and the Plan shall have no obligation to pay claims Incurred after the termination date of the Plan.

RIGHT TO RECEIVE AND RELEASE INFORMATION

The Plan Administrator may, without notice to or consent of any person, release to or obtain any information from any insurance company or other organization or person any information regarding coverage, expenses, and benefits which the Plan Administrator, at its sole discretion, considers necessary to determine and apply the provisions and benefits of this Plan. In so acting, the Plan Administrator shall be free from any liability that may arise with regard to such action. Any Participant claiming benefits under this Plan shall furnish to the Plan Administrator such information as requested and as may be necessary to implement this provision.

WRITTEN NOTICE

Any written notice required under this Plan which, as of the Effective Date, is in conflict with the law of any governmental body or agency which has jurisdiction over this Plan shall be interpreted to conform to the minimum requirements of such law.

RIGHT OF RECOVERY

In accordance with the Recovery of Payments provision, whenever payments have been made by this Plan in a total amount, at any time, in excess of the Maximum Amount of benefits payable under this Plan, the Plan shall have the right to recover such payments, to the extent of such excess, from any one or more of the following as this Plan shall determine: any person to or with respect to whom such payments were made, or such person's legal representative, any insurance companies, or any other individuals or organizations which the Plan determines are responsible for payment of such amount, and any future benefits payable to the Participant or his or her Dependents. See the Recovery of Payments provision for full details.

STATEMENTS

All statements made by the Company or by a Participant will, in the absence of fraud, be considered representations and not warranties, and no statements made for the purpose of obtaining benefits under this document will be used in any contest to avoid or reduce the benefits provided by the document unless contained in a written application for benefits and a copy of the instrument containing such representation is or has been furnished to the Participant.

Any Participant who knowingly and with intent to defraud the Plan, files a statement of claim containing any materially false information, or conceals for the purpose of misleading, information concerning any material fact, commits a fraudulent act. The Participant may be subject to prosecution by the United States Department of Labor. Fraudulently claiming benefits may be punishable by a substantial fine, imprisonment, or both.

BINDING ARBITRATION

Any dispute or claim, of whatever nature, arising out of, in connection with, or in relation to this Plan, or breach or rescission thereof, or in relation to care or delivery of care, including any claim based on contract, tort or statute, must be resolved by arbitration if the amount sought exceeds the jurisdictional limit of the small claims court. Any dispute regarding a claim for damages within the jurisdictional limits of the small claims court will be resolved in such court.

The Federal Arbitration Act shall govern the interpretation and enforcement of all proceedings under this Binding Arbitration provision. To the extent that the Federal Arbitration Act is inapplicable, or is held not to require arbitration of a particular claim, State law governing agreements to arbitrate shall apply.

The Participant and the Plan Administrator agree to be bound by this Binding Arbitration provision and acknowledge that they are each giving up their right to a trial by court or jury.

The Participant and the Plan Administrator agree to give up the right to participate in class arbitration against each other. Even if applicable law permits class actions or class arbitrations, the Participant waives any right to pursue, on a class basis, any such controversy or claim against the Plan Administrator and the Plan Administrator waives any right to pursue on a class basis any such controversy or claim against the Participant.

The arbitration findings will be final and binding except to the extent that State or Federal law provides for the judicial review of arbitration proceedings.

The arbitration is begun by the Participant making written demand on the Plan Administrator. The arbitration will be conducted by Judicial Arbitration and Mediation Services ("JAMS") according to its applicable Rules and Procedures. If, for any reason, JAMS is unavailable to conduct the arbitration, the arbitration will be conducted by another neutral arbitration entity, by mutual agreement of the Participant and the Plan Administrator, or by order of the court, if the Participant and the Plan Administrator cannot agree.

The costs of the arbitration will be allocated per the JAMS Policy on Consumer Arbitrations. If the arbitration is not conducted by JAMS, the costs will be shared equally by the parties, except in cases of extreme financial hardship, upon application to the neutral arbitration entity to which the parties have agreed, in which cases, the Plan Administrator will assume all or a portion of the costs of the arbitration.

UNCLAIMED SELF-INSURED PLAN FUNDS

In the event a benefits check issued by the Third Party Administrator for this self-insured Plan is not cashed within one year of the date of issue, the check will be voided and the funds will be returned to this Plan and applied to the payment of current benefits and administrative fees under this Plan. In the event a Participant subsequently requests payment with respect to the voided check, the Third Party Administrator for the self-insured Plan shall make such payment under the terms and provisions of the Plan as in effect when the claim was originally processed. Unclaimed self-insured Plan funds may be applied only to the payment of benefits (including administrative fees) under the Plan pursuant to any applicable State law(s).

SUMMARY OF BENEFITS

GENERAL LIMITS

Payment for any of the expenses listed below is subject to all Plan Exclusions, limitations and provisions. All coverage figures, if applicable, are after the out of pocket Deductible has been satisfied. Benefits for Pregnancy expenses are paid the same as any other Sickness. **NOTE:** *Preventive care charges for Pregnancy are covered under the Preventive Care benefit in the Medical Benefits section.*

See the Utilization Management section for more information regarding Pre-Certification and/or Notification requirements.

Network and Non-Network Provider Arrangement

The Plan contracts with the medical Provider Networks to access discounted fees for service for Participants. Hospitals, Physicians and other Providers who have contracted with the medical Provider Networks are called "Network Providers." Those who have not contracted with the Networks are referred to in this Plan as "Non-Network Providers." This arrangement results in the following benefits to Participants:

1. The Plan provides different levels of benefits based on whether the Participants use a Network or Non-Network Provider. Unless one of the exceptions shown below applies, if a Participant elects to receive medical care from the Non-Network Provider, the benefits payable are generally lower than those payable when a Network Provider is used. The following exceptions apply:
 - a. In the event a Network Provider refers a Participant to a Non-Network Provider for diagnostic testing, x-rays, laboratory services or anesthesia, then charges of the Non-Network Provider will be paid as though the services were provided by a Network Provider.
 - b. The Network Provider level of benefits is payable for any Participant who cannot access Network Providers because they reside outside the Network service area. The Network service area is defined as 60 mile radius.
 - c. The Network Provider level of benefits is payable when a Participant receives Emergency care either Out-of-Area or at a Non-Network Hospital for an Accident Bodily Injury or Emergency.
2. If the charge billed by a Non-Network Provider for any covered service is higher than the Maximum Allowable Charge determined by the Plan, Participants are responsible for the excess unless the Provider accepts Assignment of Benefits as consideration in full for services rendered. Since Network Providers have agreed to accept a negotiated discounted fee as full payment for their services, Participants are not responsible for any billed amount that exceeds that fee. The Plan Administrator reserves the right to revoke any previously-given Assignment of Benefits or to proactively prohibit Assignment of Benefits to anyone, including any Provider, at its discretion.
3. To receive benefit consideration, Participants must submit claims for services provided by Non-Network Providers to the Third Party Administrator. Network Providers have agreed to bill the Plan directly, so that Participants do not have to submit claims themselves.
4. Benefits available to Network Providers are limited such that if a Network Provider advances or submits charges which exceed amounts that are eligible for payment in accordance with the terms of the Plan, or are for services or supplies for which Plan coverage is not available, or are otherwise limited or excluded by the Plan, benefits will be paid in accordance with the terms of the Plan.

Please note affirmation that a treatment, service, or supply is of a type compensable by the Plan is not a guarantee that the particular treatment, service, or supply in question, upon receipt of a Clean Claim and review by the Plan Administrator, will be eligible for payment.

BALANCE BILLING

In the event that a claim submitted by a Network or Non-Network Provider is subject to a medical bill review or medical chart audit and that some or all of the charges in connection with such claim are repriced because of billing errors and/or overcharges, it is the Plan's position that the Participant should not be responsible for payment of any charges denied as a result of the medical bill review or medical chart audit, and should not be balance

billed for the difference between the billed charges and the amount determined to be payable by the Plan Administrator. However, balance billing is legal in many jurisdictions, and the Plan has no control over Non-Network Providers that engage in balance billing practices.

In addition, with respect to services rendered by a Network Provider being paid in accordance with a discounted rate, it is the Plan's position that the Participant should not be responsible for the difference between the amount charged by the Network Provider and the amount determined to be payable by the Plan Administrator, and should not be balance billed for such difference. Again, the Plan has no control over any Network Provider that engages in balance billing practices, except to the extent that such practices are contrary to the contract governing the relationship between the Plan and the Network Provider.

The Participant is responsible for any applicable payment of Coinsurances, Deductibles, and out-of-pocket maximums and may be billed for any or all of these.

CHOICE OF PROVIDERS

The Plan is not intended to disturb the Physician-patient relationship. Each Participant has a free choice of any Physician or surgeon, and the Physician-patient relationship shall be maintained. Physicians and other health care Providers are not agents or delegates of the Plan Sponsor, Company, Plan Administrator, Employer or Third Party Administrator. The delivery of medical and other health care services on behalf of any Participant remains the sole prerogative and responsibility of the attending Physician or other health care Provider. The Participant, together with his or her Physician, is ultimately responsible for determining the appropriate course of medical treatment, regardless of whether the Plan will pay for all or a portion of the cost of such care.

PREFERRED PROVIDER INFORMATION

This Plan contains provisions under which a Participant may receive more benefits by using certain Providers. These Providers are individuals and entities that have contracted with the Plan to provide services to Participants at pre-negotiated rates. The Network Providers are merely independent contractors; neither the Plan nor the Plan Administrator make any warranty as to the quality of care that may be rendered by any Network Provider.

A current list of Network Providers is available, without charge, through the Third Party Administrator's website (located at www.abadmin.com). If he or she has any questions about how to do this, he or she should contact the Human Relations Department or Assured Benefits Administrator's customer service department at 800-247-7114. The Network Provider list changes frequently; therefore, it is recommended that a Participant verify with the Provider that the Provider is still a Network Provider before receiving services. Please refer to the Participant identification card for the website address.

PRIMARY CARE PROVIDERS

The Participant does not need prior authorization from the Plan or from any other person (including a primary care Provider) in order to obtain access to obstetrical or gynecological care from a health care professional in the Network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact the Plan Administrator.

CLAIMS AUDIT

In addition to the Plan's Medical Record Review process, the Plan Administrator may use its discretionary authority to utilize an independent bill review and/or claim audit program or service for a complete claim. While every claim may not be subject to a bill review or audit, the Plan Administrator has the sole discretionary authority for selection of claims subject to review or audit.

The analysis will be employed to identify charges billed in error and/or charges that exceed the Maximum Allowable Charge or services that are not Medically Necessary and may include a patient medical billing records review and/or audit of the patient's medical charts and records.

Upon completion of an analysis, a report will be submitted to the Plan Administrator or its agent to identify the charges deemed in excess of the Maximum Allowable Charge or other applicable provisions, as outlined in this Plan Document.

Despite the existence of any agreement to the contrary, the Plan Administrator has the discretionary authority to reduce any charge to the Maximum Allowable Charge, in accord with the terms of this Plan Document.

UTILIZATION MANAGEMENT

Failure to comply with Utilization Management will result in a higher cost to Participants. "Utilization Management" includes Hospital pre-admission certification, continued stay review, length of stay determination and discharge planning. These programs are designed to ensure that Medically Necessary, high quality patient care is provided and enables maximum benefits under the Plan.

SERVICES THAT REQUIRE PRE-CERTIFICATION OR NOTIFICATION

The following services will require Pre-Certification or Notification (or reimbursement from the Plan may be reduced):

1. Inpatient hospitalization.
2. Twenty-three hour observation stays.
3. Outpatient surgery, except those performed in physician's office.
4. Transplant candidacy evaluation and transplant (organ and/or tissue).
5. Inpatient Mental/Nervous facility based programs.
6. Inpatient Substance Abuse facility based programs.
7. Skilled Nursing Facility stays.
8. Chemotherapy
9. Radiation Therapy
10. Dialysis
11. Infusion Therapy

Remember that although the Plan will automatically pre-authorize a maternity length of stay that is 48 hours or less for a vaginal delivery or 96 hours for a cesarean delivery, it is important that the Participant has his or her Physician call to obtain Pre-Certification in case there is a need to have a longer stay.

Pre-Certification does not verify eligibility for benefits nor guarantee benefit payments under the Plan. It is the Participant's responsibility to verify that the above services have been pre-certified as outlined below.

PRE-CERTIFICATION OR NOTIFICATION PROCEDURES AND CONTACT INFORMATION

The Inpatient Utilization Management Service is simple and easy for Participants to use. Whenever a Participant is advised that Inpatient Hospital care is needed, it is the Participant's responsibility to call the pre-certification department at its toll free number, which is located on the participant's medical plan ID card. The review process will continue, as outlined below, until the Participant is discharged from the Hospital.

Urgent Care or Emergency Admissions

If a Participant needs medical care for a condition which could seriously jeopardize his or her life, obtain such care without delay, and communicate with the Plan as soon as reasonably possible.

If a Participant must be admitted on an Emergency basis, the Participant should follow the Physician's instructions carefully and contact the pre-certification department as follows:

1. For Emergency admissions after business hours on Friday, on a weekend or over a holiday weekend, a call to the pre-certification department must be made within 72 hours after the admission date, but no later than the first business day following the Emergency admission, by or on behalf of the covered patient.
2. For Emergency admissions on a weekday, a call to the pre-certification department must be made within 24 hours after the admission date.

If a medical service is provided in response to an Emergency situation or urgent care scenario, prior approval from the Plan is not required.

The Plan may require notice after the Participant's receipt of treatment, once the Participant is able to so provide notice and/or the treating Provider is able to provide notice. Such a claim shall then be deemed to be a Post-service Claim.

Non-Emergency Admissions

For Inpatient Hospital stays that are scheduled in advance, a call to the pre-certification department should be completed as soon as possible before actual services are rendered. Once the pre-certification call is received, it will be routed to an appropriate review specialist who will create an on-line patient file. The review specialist will contact the Participant's attending Physician to obtain information and to discuss the specifics of the admission request. If appropriate, alternative care will be explored with the Physician.

If, after assessing procedure necessity, the need for an Inpatient confinement is confirmed, the review specialist will determine the intensity of management required and will remain in contact with the Physician or Hospital during the confinement.

If, at any time during the review process, Medical Necessity cannot be validated, the review specialist will refer the episode to a board certified Physician advisor who will immediately contact the attending Physician to negotiate an appropriate treatment plan. At the end of the Hospital confinement, the review specialist is also available to assist with discharge planning and will work closely with the attending Physician and Hospital to ensure that medically appropriate arrangements are made.

The pre-certification department hours of operations are 8:00 AM to 5:00 PM MCT. On weekends and evenings, the Participant can call to verify benefits of eligibility after business hours providers can go to www.abadmin.com or call 800-247-7114 ext. 198., and leave a message.

PRE-CERTIFICATION PENALTY

The program requires the support and cooperation of each Participant. If a Participant follows the instructions and procedures, he or she will receive the normal Plan benefits for the services.

However, if a Participant fails to notify the pre-certification department of any services listed in the provision entitled "Pre-Certification or Notification Procedures and Contact Information," allowed charges may be reduced for Room and Board, Hospital miscellaneous services, and any other charges related to that confinement which are billed by the Hospital. The Participant will be responsible for payment of the part of the charge that is not paid by the Plan.

ALTERNATE COURSE OF TREATMENT

Certain types of conditions, such as spinal cord Injuries, cancer, AIDS or premature births, may require long term, or perhaps lifetime, care. The claims selected will be evaluated as to present course of treatment and alternate care possibilities.

If the Plan Administrator should determine that an alternate, less expensive, course of treatment is appropriate, and if the attending Physician agrees to the alternate course of treatment, all Medically Necessary expenses stated in the treatment plan will be eligible for payment under the Plan, subject to the applicable benefit maximum(s) set forth in this Plan, even if these expenses normally would not be eligible for payment under the Plan. A more expensive course of treatment, selected by the Participant and/or their attending Physician may not be deemed to be Medically Necessary or within Maximum Allowable Charge limitations, as those terms are defined by the Plan. The Plan may provide coverage in such circumstances by providing benefits equivalent to those available had the Medically Necessary and otherwise covered course of treatment, subject to the Maximum Allowable Charge, been pursued.

PRE-ADMISSION TESTING

If a Participant is to be admitted to a Hospital for non-Emergency Surgery or treatment, one set of laboratory tests and x-ray examinations performed on an outpatient basis within seven days prior to such Hospital admission will be paid, with no deductible, at 100% of the Maximum Allowable Charge, provided that the following conditions are met:

1. The tests are related to the performance of the scheduled Surgery or treatment.

2. The tests have been ordered by a Physician after a condition requiring Surgery or treatment has been diagnosed and Hospital admission has been requested by the Physician and confirmed by the Hospital.
3. The Participant is subsequently admitted to the Hospital, or confinement is cancelled or postponed because a Hospital bed is unavailable or if, after the tests are reviewed, the Physician determines that the confinement is unnecessary.
4. The tests are performed in the Hospital where the confinement will take place and accepted in lieu of duplicate tests rendered during confinement.

SECOND SURGICAL OPINION

If a Physician recommends Surgery for a Participant, the Participant may request a second opinion as to whether or not the Surgery is Medically Necessary. In addition, the Plan recommends that a second opinion be obtained prior to the following Surgeries:

1. Adenoidectomy.
2. Bunionectomy.
3. Cataract removal.
4. Coronary Bypass.
5. Cholecystectomy (removal of gallbladder).
6. Dilation and curettage.
7. Hammer Toe repair.
8. Hemorrhoidectomy.
9. Herniography.
10. Hysterectomy.
11. Laminectomy (removal of spinal disc).
12. Mastectomy.
13. Meniscectomy (removal of knee cartilage, including arthroscopic approach).
14. Nasal surgery (repair of deviated nasal septum, bone or cartilage).
15. Prostatectomy (removal of all or part of prostate).
16. Release for entrapment of medial nerve (Carpal Tunnel Syndrome).
17. Tonsillectomy.
18. Varicose veins (tying off and stripping).

When a second opinion is requested, the Plan will pay 100% of the Maximum Allowable Charge incurred for that opinion along with laboratory, x-ray and other Medically Necessary services ordered by the second Physician without application of the Deductible. Second opinions for Cosmetic Surgery, normal obstetrical delivery and Surgeries that require only local anesthesia are not covered. If the second opinion does not concur with the first, the Plan will pay for a third opinion as outlined above. The second or third opinion must be given within 90 days of the first.

In all cases where a second opinion is requested, the original recommendation for Surgery must have been obtained from a Physician licensed in the medical specialty under which the recommended Surgery falls. The Physician consulted for the second opinion must be licensed in the same medical specialty and may not be a partner of or in association with the original Physician.

PRE-SURGICAL APPROVAL

The Plan recommends that a pre-determination of benefits be obtained prior to the following Surgical Procedures, since they are usually Cosmetic Surgery or not Medically Necessary. These procedures include, but are not limited to:

1. Abdominoplasty.
2. Blepharoplasty.
3. Breast reduction or enlargement.
4. Dermabrasion.

5. Facial or nasal reconstruction.
6. Gastric bypass.
7. Lipectomy.
8. Penile implant.
9. Scar revision.
10. Sex alteration.
11. Any Experimental or research procedures which are not generally accepted medical practice.

Because of the broad range of Surgical Procedures available and under development, if a Participant is scheduled to undergo any questionable procedure, he or she should contact the Third Party Administrator for further information.

HIPAA PRIVACY

The Plan provides each Participant with a separate Notice of Privacy Practices. This Notice describes how the Plan uses and discloses a Participant's personal health information. It also describes certain rights the Participant has regarding this information. Additional copies of the Plan's Notice of Privacy Practices are available by calling 601-969-1880.

health plan. "Summary health information" may be individually identifiable health information and it summarizes the claims history, claims expenses or the type of claims experienced by individuals in the plan, but it excludes all identifiers that must be removed for the information to be de-identified, except that it may contain geographic information to the extent that it is aggregated by five-digit zip code.

DISCLOSURE OF CERTAIN ENROLLMENT INFORMATION TO THE PLAN SPONSOR

Pursuant to section 164.504(f)(1)(iii) of the Privacy Standards (45 CFR 164.504(f)(1)(iii)), the Plan may disclose to the Plan Sponsor information on whether an individual is participating in the Plan or is enrolled in or has un-enrolled from a health insurance issuer or health maintenance organization offered by the Plan to the Plan Sponsor.

In such case, the Plan will promptly inform the

Participant that such a disclosure has been or will be made unless the Plan believes that informing him/her would place him/her at risk of serious harm (but only to someone in a position to help prevent the threat). Disclosure generally may be made to a minor's parents or other representatives although there may be circumstances under Federal or State law when the parents or other representatives may not be given access to the minor's PHI.

Before disclosure to an individual qualified as a personal representative, the Plan must be given written supporting documentation establishing the basis of the personal representation.

The Plan may elect not to treat the person as the Participant's personal representative if it has a reasonable belief that the Participant has been, or may be, subjected to domestic violence, abuse, or neglect by such person, it is not in the Participant's best interest to treat the person as his or her personal representative, or treating such person as his or her personal representative could endanger the Participant.

The Participant may request that the Plan restrict disclosures to family members, relatives, friends or other persons identified by him/her who are involved in his or her care or payment for his or her care. The Plan is not required to agree to these requested restrictions.
2. Right to Receive Confidential Communication: The Participant has the right to request that he or she receive communications regarding PHI in a certain manner or at a certain location. NOTIFICATION REQUIREMENTS IN THE EVENT OF A BREACH OF UNSECURED PHI

The required breach notifications are triggered upon the discovery of a breach of unsecured PHI. A breach is discovered as of the first day the breach is known, or reasonably should have been known.

When a breach of unsecured PHI is discovered, the Plan will:

1. Notify the Participant whose PHI has been, or is reasonably believed to have been, assessed, acquired, used, or disclosed as a result of the breach, in writing, without unreasonable delay and in no case later than 60 calendar days after discovery of the breach. Breach notification must be provided to the affected individual(s) by:
 - a. Written notice by first-class mail to the Participant (or next of kin) at the last known address or, if specified by Participant, e-mail.
 - b. If the Plan has insufficient or out-of-date contact information for the Participant, the Participant must be notified by a “substitute form”.

- c. If an urgent notice is required, the Plan may contact the Participant by telephone.
 - d. The breach notification will have the following content:
 - i. Brief description of what happened, including date of breach and date discovered.
 - ii. Types of unsecured PHI involved (e.g., name, Social Security number, date of birth, home address, account number).
 - iii. Steps the Participant should take to protect from potential harm.

2. Notify the media if the breach affected more than 500 residents of a State or jurisdiction. Notice must be provided to prominent media outlets serving the State or jurisdiction without unreasonable delay and in no case later than 60 calendar days after the date the breach was discovered.
 3. Notify the HHS Secretary if the breach involves 500 or more individuals, contemporaneously with the notice to the affected individual and in the manner specified by HHS. If the breach involves less than 500 individuals, an internal log or other documentation of such breaches must be maintained and annually submitted to HHS within 60 days after the end of each Calendar Year.
 4. When a Business Associate, which provides services for the Plan and comes in contact with PHI in connection with those services discovers a breach has occurred, that Business Associate will notify the Plan without unreasonable delay and in no case later than 60 calendar days after discovery of a breach so that the affected Participants may be notified. To the extent possible, the Business Associate should identify each individual whose unsecured PHI has been, or is reasonably believed to have been, breached.
